

## Rainmakers strike sunshine

A lot of people in St. Albert have a 'thing' about the new Kinsmen name and logo - they think that's what did the trick and turned on the sunshine to make it the biggest and most successful rodeo since the club inaugurated the rodeo in 1964, date of the town's one hundredth birthday. Thousands of people flocked to St. Albert over the big weekend.

Under the big sky it was a weekend of colour, sound, excitement and celebration from the western breakfast Saturday morning, when crowds began lining up at 7:15, to the finals on the rodeo grounds Sunday. There were line-ups for the breakfast and line-ups at the arena but the organizers and workers were moving mighty fast and the mood of the crowds was with them.

The parade formation area was a panorama of busbys blowing in the wind atop the klited members of the Edmonton Pipe and Drum band, horses prancing, Eskimo cheerleaders going through a routine, bands warming up, Councillor Bakker finding his position with street cleaning sign and brushes, small majorettes adjusting costumes, Kinsmen in purple and gold on motorbikes, a marvellous antique Essex

receiving a last polish.

For hundreds and hundreds of people the real action was at the rodeo grounds and the hill was alive as the big show got underway. The opening ceremonies and grand entry were particularly impressive this year and tension mounted as the riders prepared for the bareback riding which led off the events. The back jarring ride on some of the world's best bucking stock lasts only a few seconds, mighty important seconds to the man and there's no doubt about it, the horse loves the action - once in his blood he wouldn't be anywhere else - like a race horse. Two St. Albert riders, Gary Derudder and Norm Stratton were among this year's entrants, and Gary suffered a spill which winded him the first time. Please Turn To Page 2

Councillor Bakker may be 'hoist on his petard' if the new street cleaner arrives, will there be any water for it? He sportingly walked the rodeo parade route drawing much laughter and adding to the fun.

## Paul Kane addition requested by Board

The St. Albert Protestant Separate School District #6 held its regular board meeting on Wednesday, June 12th, 1974. Mr. Jack Gardener, architect for the new Lacombe Park Community Core School was in attendance. He presented a new sketch plan to the board which he felt will be acceptable to the School Buildings Branch of the Department of Education. Mr. Charlie Schroder, Chairman, moved that the new sketch plan be approved in principle and that it be referred to the Buildings and Properties Committee for further consideration.

An application for a recognition of need for an addition to Paul Kane High School has been made to the School Buildings Branch. Asked if he would be interested in this new addition, Mr. Gardener said that he would be. His company are proud of their achievement in the erection

of Paul Kane School and he would be delighted to participate in the addition. Mr. Schroder moved that a letter be sent to the Town informing them of the intention to build an addition to Paul Kane and, at the same time, asking the Town to consider building a covered swimming pool in conjunction with the addition.

The motion was carried.

Under Building and Properties Committee, Mr. Don Munro moved that the Secretary-Treasurer write to B. A. C. M., with a copy to the Town, stating that the Board is concerned with the lack of communication about school sites in the Lacombe Park area and to request a meeting.

It was moved that Mr. Please Turn To Page 2

## Flash!

Four young men streaked through the Bruin Inn at 12:20 last night causing a proper stir of excitement. The R.C.M.P. were called but the streakers had a head start and could not be identified by patrons only as having healthy sunburns and as one observer put it, "floppy rear ends."

## Telephone customers to vote on book listing

Telephone customers in the Namao and St. Albert exchange areas will be casting ballots to choose between having their phone numbers remain listed together with all Edmonton city numbers, or in a separate district section of the Edmonton

phone book. Ballots will be distributed after June 24, to be marked and returned to AGT by July 19, 1974.

This same proposal is being made to telephone customers in Ardrossan, Ellerslie, Sherwood Park, and Spruce Grove. Other comm-

unities which will be Extended Flat Rate Calling (EFR) service with Edmonton would also form part of the separate district section. These communities are:

Bon Accord, Calmar, Devon, Fort Saskatchewan, Led-

uc, Legal, Morinville, New Sarapta, Onoway, Stony Plain

Majority vote will determine whether Namao and St. Albert will be incorporated into the new district section of the Edmonton phone book.

# Water Shortage Causes Alarm

## Is St. Albert growing too fast?

St. Albert residents in Forest Lawn, Sturgeon Heights and Grandview Park were surprised and shocked Monday night to discover that their water supply had been cut off with no advance warning, and the Gazette received many calls from irate residents on Tuesday. With reservoir capacity down to 7 1/2 feet Sunday evening, drastic action became necessary and if residents don't follow regulations set out in a town advertisement in this issue the town can cut off water supply to offending households.

The severe water shortage in St. Albert may come as a surprise to many residents, but it comes as no surprise to members of town council who have a consultants water study.

The administrator reports this week that negotiations with the city have been concluded, and a draft agreement with the city is being reviewed by their legal department. Timing of a new water main, says the administrators report, is the winter of 74-75, assuming all difficulties are overcome. The engineer pointed out that considerable preliminary engineering work is necessary.

Council has, however allowed new residential development over the past two years to bring in 6,000 more population, despite the fact that they were aware the new main would not be ready for this summer. Councillor Bakker has stated that the town should not be under the control of the city for water supply, but he was aware that it would be in 1974.

On top of the water situation, the rapid growth has brought horrendous problems in keeping up roads and traffic control, and never has it been more evident than right now, when traversing the downtown area is a nightmare.

It is difficult to imagine in this circumstance how council could have the audacity to announce an increase in business tax. Downtown businessmen would be hard pressed to figure out where their taxes have been going for many years. Not on roads - or sidewalks - or street cleaning or any provision for parking. Businessmen in Lacombe shopping plaza do not have proper easy access to their places of business, but the development was allowed by council.

One councillor, Frank Lukay, and a previous councillor Richard Wheatley have many times expressed their fear of the financial implications of too rapid growth. Every time for several years that Councillor Lukay advocated slowing growth, or stopping growth until it could be clearly demonstrated that the town could afford the growth, he was treated to the jeers of council and 6-1 votes. We should know the actual costs of this rapid growth, he has said many times, as regards to water and sewer and transportation in particular.

Now the bids for sewer line work are coming in higher than expected and St. Albert has a water problem. Could it be possible that one councillor was right and six were wrong?

A television news report Monday night quoted the developer of Castle Downs as saying that if the last lots in Castle Down had not been grabbed up last year, they would be up 35 to 40 per cent now - BECAUSE OF THE COSTS OF SERVICES. Town Council says the developers pay the costs of services. In fact the people pay them on their purchase of a lot.

New proposals before council could add huge blocks to the northwest and northeast sectors. Who will profit from such further annexations - the developers or the people of St. Albert?

Why not set a limit in St. Albert and let more satellite towns develop within a 25 to 40 mile radius of Edmonton. Toronto people are presently commuting 60 miles to Guelph and in late April the mayor of Guelph said on a television show dealing with problems of growth across Canada, that "Guelph cannot afford this kind of forced growth and should move to prevent it."

The water shortage will be with us for some time and should focus the attention of residents on planning the future of their town.

In the meantime we would urge all citizens to co-operate to the fullest extent with the measures taken by the town. There is a health hazard involved for people who can't flush toilets and in cases like the feverish child who could not get a drink of water or a cool cloth on a forehead in Sturgeon area Monday night.

Mr. Lloyd Carlson has been a house mover for many years but he confessed that the house formerly located at 18 St. Anne Street was the only half log framed house he has ever encountered. Extra dollies were called for to transport the building due to the unusual frame. The house had been in St. Albert for about 60 years.

## Rodeo

CONTINUED FROM PAGE 1

out. As the announcer commented, Rodeo is the only sport born out of an industry - the great Canadian cattle industry, and perhaps that's why westerners have such a special affinity for a rodeo performance. There were a lot of won-

out fellows in purple and gold by the end of the week, and not looking forward to going to their jobs on Monday, but this year their efforts paid off and the people of St. Albert couldn't be happier for them. Well done, Rodeo Rainmakers!

## Board

CONTINUED FROM PAGE 1  
Schröder and Dr. Cuts be appointed to join a special committee with two members of Town Council to try and find a solution to the problems of building a civic centre. This involves an exchange of lands and buildings between the Town and District No. 6, a recommendation has been put forward that the Board and the Town hire an independent appraiser and that the appraiser be jointly agreed upon. The purpose of the appraiser will be to ascertain the value of the building and land that District No. 6 offices now occupy.

It was moved that Mr. John Arnet, Principal of Leo Nickerson School, be appointed principal of Sir George Simpson School. Mr. Frank Carahan, District Principal, will be assigned to the principalship of Leo Nickerson. An appointment of Supervisor of Instruction was also approved. Mr. John Currilla will take on this position effective September 1st, 1974. Mr. Currilla's responsibility will be primarily the supervision of math and science programs.

## Large crowd attends Block Parent meeting

Over one hundred interested people attended the Block Parent Plan meeting held on Tuesday evening, 11th June, 1974, at Sir George Simpson School.

Constable Rick Maynard opened the meeting with a description of the Block Parent program, its objectives and how it works. A movie "Watchword Caution" was then shown to the audience. The movie was aimed primarily at the young adult female and it contained plenty of "dos" and "don'ts". Good advice was given on how to handle a potentially dangerous situation and, equally important, how to avoid such a situation.

A segment of the film concentrated on exhibitionists and the reactions of such a person if he was ignored and did not get the desired effect. The movie was filmed in the East and it therefore related to large city problems but caution is the key word and should be used in any city, town, or village.

Some of the "don'ts" were as follows: Do not hitchhike. If you do, do so only when there are two of you. Never get into a car with more than one man. Always ask to see identification before admitting a stranger to your home. If you feel in danger at all - scream loudly.

After the movie, Const. Maynard answered questions on the Block Parent Plan. In answer to one question he

said that since the beginning of May, when the plan came into operation, the R.C.M.P. had received one call only and the case involved a small

child being bullied by an older boy. Const. Maynard hopes to be able to obtain and show a new child molester film on September, 29th.

## Town of St. Albert

## WATER RATIONING

In order to safeguard the reserves for fire protection and as a result of the limitations of the present water supply system it has been found necessary to place restrictions on the use of water from the towns' water supply system.

Effective Monday June 17, 1974 the use of water from the town's water supply system is not permitted for the watering of new lawns, gardens and similar outdoor uses.

This ban will be in effect until Monday, June 24, 1974.

From that day forward the following schedule of restrictions will be in effect until further notice.

No lawn or garden watering for all properties South of Sir Winston Churchill Avenue on Mondays, Tuesdays, Thursdays or Saturdays.

No lawn or garden watering for all properties North of Sir Winston Churchill Avenue on Monday, Wednesdays, Fridays and Sundays.

The cooperation of St. Albert residents is asked in adhering to these restriction and in further limiting the use of water for lawns and gardens on those days permitted, to the extent of newly placed lawns only.

J. Maandag  
Town Engineer.

By-Law #2367 provides for penalties including the discontinuance of the supply of water for failing to comply with the regulations.

## AROUND TOWN

The advertiser was a bit shook up last week to read that she was looking for a pregnant female. Unfortunately the word cat was omitted from her classified ad under lost.

\*\*\*

Liesbeth Bakker had a great idea. In a community spirit as the parade went by Saturday she whipped out and distributed cookies from a big tin - mighty fine cookies they were, too.

## Grandin Vet Hospital opens on Mall

The Grandin Veterinary Hospital, located in the former medical offices on the east side of Grandin Mall, opened its doors on Friday, June 14. The aim of the hospital is to provide quality Veterinary Medicine, and to that end, to employ the finest and latest equipment and methods available.

Dr. M. E. Rasberry is the veterinarian who established the hospital and the practice

is limited to small animals such as pets. The facilities available in the hospital include two examination rooms, a laboratory facility, a separate operating theatre, x-ray facilities, general work area, and a separate ward area. To soothe worried pets and their masters, a P.A. system plays soft music in both the reception area and in the ward area.

Dr. Rasberry has lived in

St. Albert since last September and states that both he and his wife, Fay, enjoy St. Albert very much. They have a six year old daughter, Kim, who will be starting school in September. Prior to settling in the town, Dr. Rasberry practiced Veterinary Medicine in a four man practice in Edmonton. He is a graduate of Western College of Veterinary Medicine, Saskatoon, and was a mem-

ber of the RCMP for seven years. Dr. Rasberry is originally from Southern Ontario.

Assisting Dr. Rasberry and serving as receptionist is Mrs. Anne Stronski who is new to the town. She has a seven month old son Graham and is originally from Toronto.

The hospital operates on an appointment basis and the number to call is 458-2828. Dr. Rasberry is one of the inaugurators of the Edmonton Veterinarian's Emergency Clinic which operates an emergency medical and surgical service during hours when veterinary offices are not operating. Dr. Rasberry is a member of the Canadian and Alberta Veterinary Associations and is on the Board of Directors of the Edmonton Veterinarian's Emergency Clinic.

Dr. M. E. Rasberry (right) and his receptionist-assistant, Mrs. Anne Stronski, opened the doors of the Grandin Veterinary Hospital on Friday, June 14. The animal hospital is located in the former medical offices on the Grandin Mall and is equipped to provide the best of care for small animals and pets.

## Annexation will levy lasting financial load

Massive annexation in Calgary will give taxpayers the gift of a permanent financial burden - but propaganda that says it will hold down the cost of land is a pipe dream, says Alderman Peter Petrasuk.

Calgary will "get it" going and coming in the pocket book if the Local Authorities Board approves the city's application for 125 square miles, Petrasuk said.

And the proof of the pudding is written into city development policy and the recent budget.

The capital works crisis which is festering because of run-away inflation in the cost of construction materials has pushed the cost of this year's streets, sewers and utilities from \$130 to \$170, an increase of 30 per cent.

### Snug as a bug?!

Probably not yet, if you've just moved in.

Perhaps your Welcome Wagon hostess can help to ease the confusion.

Call her today!

**Welcome Wagon**  
LTD.

Phone  
**459-7252**

The effects of that inflation will still be around when annexed land goes onto the market. It may even be worse.

The escalation in the city's capital budget has been estimated by Finance Commissioner Alan Wornack on 20 to 50 per cent increases in basic materials like asphalt and underground wiring.

But those estimates were made some days ago and one developer contacted by The Albertan said the scale of inflation is from 35 to 65 per cent and its difficult to get contractors to take the jobs available now.

The effect of those development costs which go onto lot prices just can't be affected by increased competition - if you make the unlikely assumption that developers will allow annexation to have any impact on competition; Petrasuk reasoned.

And the real cost of annexation is in the price tag of city services to an expanded community, because that cost will be put on taxpayers every year for ever.

An analysis of why the city's operating budget keeps going up shows the cost of giving all city services from police protection to street sweeping have a "mileage" increase when they have to be given further from downtown.

The population can increase, and the scale of services increase in the present land area without imposing this "mileage" cost on taxpayers through the mill rate.

Petrasuk, who is an unofficial candidate for mayor, said the basic issue is whether "taxpayers have to pay a bundle so developers can make a bundle."

It's not honest to tell voters the city will annex without developing that land. In practice, the city permits development where the developer can arrange lot services, he said.

Petrasuk is supporting a plebiscite on annexation. "It's a question of who controls the city, the developers or the voters," he said.

The hostess will call on all babies six weeks and under if she is informed of their arriving.

THAT'S GOOD DEAR...NOW MOVE IT AHEAD A LITTLE.

## City man takes first in greased pig event

Cliff Franklin of 10010 - 79 Avenue managed to beat St. Albert's Dave Campbell's time in the finals of the greased pig contest held

Saturday at the rodeo grounds. He caught his pig in 3 and 3/4 seconds and held it for 56/14 to claim the \$25 prize. In accepting it Mr. Franklin told con-

test chairman Eric Bokenfohr that he would be donating the prize money to handicapped children. Dave's record held up for second prize and he turned

his \$15 over to the Knights of Columbus for their handicapped fund. Dave had a time of five seconds to catch the pig and 55 hold.

Third place and \$10 was won by Wayne Benson of St. Albert who made the catch in 12 seconds and held his pig for 48.

A special contest held for the media saw Gerry Manegre of CICA take the media trophy with a catch in 14 seconds and hold of 36.

Figures are not tabulated, but we know we came out ahead, said Mr. Bokenfohr, and the support of St. Albert people was much appreciated. Vic Soetaert who donated his pigs, time and effort was just great, he added. Next project of the Knights in support of the bus for handicapped children will be their Klondike Beerfest in July.

## Letters Can't keep silent

The Editor:

I can keep silent no longer!

Prompted by St. Albert's water shortage, following hard on the heels of our worst spring flooding in several years, may I offer a few solutions.

1. Watering of lawns and gardens to be done only between the months of November and March.

2. All new lawns to be seeded or sodded, and bedding plants planted, only during the month of December.

3. Those people living on the west side of Highway 2 should go to the bathroom on the even days, and those on the east side on the odd numbered days, of the month.

4. Showering alone to be an indictable offence. . . "Save water - shower with your steady!"

Of course, everything has its bright side. I imagine

that, after a few more days of our self-imposed dust-bowl conditions, the mosquitoes will have died from thirst.

Also, could not one of the Service Clubs have as its annual project the purchase of a street-cleaning machine?

Incidentally, do any of you other St. Albert old-timers remember the days when the Town had a small jeep which was used to clean snow off the sidewalks (yes the sidewalks!) in the Winter and then in the Summer was used to brush the dust off the sidewalks (yes again! the sidewalks!)?

Still, one must give credit where credit is due: the snow-clearing program has been extremely efficient since the middle of May.

Norman G. Dolman,  
Braeside.

## Are new rules needed in municipality politics

The Editor:

During the past 18 months, the federal and provincial levels of government in Canada have considered or implemented measures which require cabinet ministers, senior civil servants and heads of quasi-public institutions to disclose their financial and property holdings.

Steps have also been taken by the Federal Government requiring candidates and political parties to provide a more detailed disclosure of the source and amounts of funds received for campaign purposes. B. C. is presently in the process of implementing relatively strict provisions with respect to the amount of financial disclosures required of members of various municipal bodies.

It is useful to ask whether the traditional policies followed by St. Albert councillors and civil servants should be changed prior to the forthcoming fall election.

The following questions, or reasonable facsimiles, have been placed before the

Town Council in order to expedite public debate. Question 1: are the members of the council prepared to set out the sources and amount of their campaign funds in the forthcoming election? Question 2: are the members of council prepared to disclose their financial and land holdings as well as those of the members of their immediate family? Question 3: have any of the councillors acted as a consultant, employee, etc. for companies which have had dealings with the town?

The questions are not placed in an attempt to question the integrity or dedication of the present members of council. The queries, and hopefully the answers, will provide a basis for determining whether the old rules should prevail, or whether a new set of disclosure requirements should be followed by all candidates in the fall election.

## Council cool to restaurant proposals

Two restaurant development proposals were heard at the regular committee of the whole meeting on Monday, June 17. The first of the two proposals was a suggested construction of a service station and restaurant facility to be located on the property beside Roger's Esso Service and the site currently housing public works on the St. Albert Trail. The second proposal was for a Bonanza Restaurant facility to be located beside Club Mocombo, again the site is on the highway.

The committee heard from Mr. Peter Thomas of Western Diversified Ltd., who had expressed interest in the construction of a Texaco Service Station and Restaurant. Mr. Thomas had originally submitted in a proposal which included a motel complex and restaurant which was altered due to the lack of economic feasibility in the original proposal. Mr.

Thomas had been informed that the existing facilities in the town were not utilized and therefore had modified his proposal to include the service station rather than the motel. Mr. Thomas reported that the motel would not be feasible for approximately five years.

Councillor Bakker made a motion that the proposal for the site be refused at this time. Councillor Hudson expressed his feeling that council seemed to be too selective and Councillor de Bruijn noted that the site was already zoned for this type of development. The motion was accepted with a count of 5-2.

The discussion on the second proposal, dealing with the proposed Bonanza Restaurant, led to a motion from Councillor Bakker recommending to council that staff conduct an overall study of possible use of the area. The site is located at 208 St. Albert Trail, beside Club Mocombo. The motion was passed 6-1, Mayor Gibbon opposed.

## Auxiliary honours Sister Michaud at farewell party

A short business meeting of the Youville Auxiliary to end this season, with 31 members present, was held at the home of Kathleen Oddleifson on Tuesday evening, June 11. The executive remains the same for the coming year; Kathleen Oddleifson as president; Florentine Hartmetz, vice-president; Kay Krupa, secretary; Marie Wolniewicz, treasurer and Agnes MacMillan, corresponding secretary.

Plans were discussed for the annual picnic for the patients of the Youville Home. This outing, weather permitting, is set for August 7 at the Grey Nuns' Camp at Lac Ste. Anne.

Following the meeting, the Auxiliary members hosted a farewell party honouring Sister Michaud, administrator of the Youville Home, who will be leaving early in August for a year of study in Ottawa, and then to a yet unknown posting. Sadie Ross, on behalf of the Auxiliary, presented Sister with a lovely watch and expressed

the deep regret we all feel in seeing her leave St. Albert, where she has, for the past six years, been so closely associated with the Auxiliary. Sister graciously thanked the members, not only for their gift, which was much appreciated, but also for the pleasant memories she will be taking with her from her association with the Auxiliary.

An impromptu program, put on by several talented members of the gathering, produced lots of laughter and applause - proof that their goodwill was not in vain!

Sister Bonin was presented with a small gift and "bon voyage" wishes, as she leaves soon for a well deserved month's holiday in Montreal to visit relatives and friends in "la belle province." Kay Oddleifson made this presentation. Sister's "thank you" speech was perhaps short, but, as she said, it came from the heart!

A cheque for the purchase of six new wheelchairs for the Home was given to Sister Michaud, - made possible from the proceeds of the Auxiliary's annual tea and bazaar. A whirlpool bathing unit with a hydraulic lift, which has been in use for several months at the Home, has proven to be a real boon for handicapped patients. This, too, was realized from the Auxiliary's bazaar funds.

To conclude the evening a delicious lunch was served and everyone agreed that the party had been a most pleasant one in every respect.

Sister Michaud was presented with a watch by Mrs. Sadie Ross on behalf of the Youville Auxiliary at a party in her honour held on June 11. Sister Michaud is leaving St. Albert after six years as administrator of the Youville Home.

## PUBLIC NOTICE

THE SCHOOL ACT, 1970 (Section 7)

BY-LAW NO. 2/74

By the Board of Trustees of the St. Albert Protestant Separate School District No. 6 of the Province of Alberta,

WHEREAS it is deemed expedient by the Board of Trustees of the St. Albert Protestant Separate School District No. 6, of the Province of Alberta, that the sum of Two Hundred thousand dollars (\$200,000.00) should be borrowed on the security of the said District by issue of debentures repayable to the bearer in twenty-five consecutive annual instalments with interest at the rate of not more than ten per cent (10%) per annum for the following purpose, namely:

providing eight (8) Portable Classrooms  
to be located on the Lacombe Park School site.

\$200,000.00

THEREFORE, notice is hereby given by the Board of the said School District that unless a poll of the electors of the said School District for and against the said debenture loan is demanded, as provided by Section 104 of The School Act, 1970, the said Board will apply to the Local Authorities Board for authority to borrow the said sum by issue of debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

Charles Schroder, Chairman.

Dated at St. Albert, Alberta this 12th day of June, 1974.

INSTRUCTIONS TO ELECTORS PETITIONING FOR A VOTE ON A MONEY BY-LAW IN A DISTRICT - (Sections 2 (e), 3 and 104 - The School Act, 1970)

SCHOOL DIVISION

"Elector" for the purposes of petitioning for a vote on a debenture by-law means a person:

- (1) 18 years of age or older,
- (11) who is a Canadian citizen or British subject, and
- (111) resident, in the case of petition, in a district or division for at least the 12 months immediately preceding the day on which the petition is presented;

A poll respecting the aforementioned borrowing may be demanded in a School District Division by preparing and submitting to the School Board a petition for a vote in accordance with the provisions of Sections 2 (E), 3 and 104 of The School Act, 1970. The petition must be signed by at least

- (a) 2 per cent of the electors in a district or division having 10,000 electors or more, or
- (b) 5 per cent of the electors in a district or division having less than 10,000 but 5,000 electors or more, or
- (c) 10 per cent of the electors in a district or division having less than 5,000 electors but 500 electors or more, or
- (d) 15 per cent of the electors in a district or division having less than 500 electors, and be filed with the Board within 15 days of the last publication in a newspaper of the public notice of the proposed debenture borrowing.

# Calgary Power bills reduced

Shown above left is Sgt. Art Trace presenting recently retired S/Sgt. John Clark with a plaque given to him by the St. Albert Detachment and staff. The plaque depicts the 17 different postings of S/Sgt. Clark's 26 year stint with the force. The St. Albert Detachment held a farewell barbeque to honor S/Sgt. Clark on May 28th, when all members were present except those that were on duty. Mr. Clark has accepted a position with the Forestry Department and will be making his home a beautiful rustic log cabin which he built himself at Lac La Biche.

St. Albert residents and businesses can expect another change in their electric utility bills beginning this month -- but this time the change should be welcomed.

Effective June 1, Calgary Power customers will have their power bills reduced as a result of an 8.5 per cent increase in the provincial discount -- up from 2.5 per cent to 11 per cent.

Calgary Power Edmonton Regional Manager Will Smith told the Gazette in an interview, the larger provincial discount is the result primarily of two factors, one being a directive issued the Company by its regulatory agency, the Public Utilities Board, during the Company's recent successful application for increased rates.

"The second factor is the result of efforts by the provincial government to compress the three-year lag in our income tax rebates from the federal government," said Mr. Smith.

"Because Calgary Power is an investor-owned electric utility, we are subject to federal income tax laws. The federal government returned 95 per cent of that income tax back to the Alberta government three years later, to be rebated to the consumer in what's called the 'provincial discount' on the utility bill," said Mr. Smith. "Just recently, the provincial government was successful in getting Ottawa to agree on

annual rebates."

During the Company's application for its first rate increase in 61 years of operation, the Public Utilities Board directed the Company to alter its method of tax accounting from 'deferred tax' to 'taxes paid' -- thus paying taxes on a current basis. The resulting impact for the consumer is an increased provincial discount.

During the Gazette interview, Mr. Smith elaborated on the Company's rapid growth, pointing out that St. Albert and Sherwood Park are two of the Company's fastest growing service areas. The utility serves two-thirds of the province, including all areas immediately surrounding the City of Edmonton. The development of an electrical distribution system is one gauge to reflect annual growth of the area.

## PHENOMENAL GROWTH

"St. Albert is very close to being the largest of our 76 districts, with the growth rate nothing but phenomenal during the past three years," said Mr. Smith.

Since 1970, the Company has installed electrical services for 2,886 residential lots, 445 condominiums and provided nearly 1000 street lights. This represents a total investment of about \$1.8 million. Commercial services during the same period amounted to approximately \$61,000.

The Town of St. Albert, under separate agreements with various developers, stipulates that all new electrical services be placed underground. In the last three years, more than 227,500 feet of underground cable have been buried in the new subdivisions.

But not all of the costs for underground are borne by the utility. The Company's rates are designed to cover the costs of standard overhead distribution facilities, and developers, through agreement with the town, absorb the additional

costs.

## RELIABLE SYSTEM

In order to provide and maintain a high standard of electrical supply, the Company recently outlined future plans for a primary feeder network to serve the town. Such primary main feeders would provide direct and alternate sources of supply in the event trouble within the local distribution system.

"This year, more than \$123,000 will be invested in these primary main feeders," explained Mr. Smith. "Eventual plans call for another major substation in the northwest corner of the town to complete the alternate supply system. There is no definite date for completion, as the project will be ongoing. We will continue to bolster the system as the needs arise."

## STAFF EXPANSION

Calgary Power staff has

expanded considerably in St. Albert during the past three years, as more Transmission, Distribution, Survey, Substation and District service crews operate out of the St. Albert office.

"In 1973, the Company carried out an extensive review of its operation services, particularly in the Edmonton area, which is demonstrating the most rapid growth in both rural and urban development," said Mr. Smith.

Mr. Smith told The Gazette it is unfortunate that the Town of St. Albert has not renewed its franchise since 1958. A franchise provides a 10-year security of service, and has been used by the utility in financial documents.

"However, the Energy Board reviewed all existing service areas in 1970, and in that review confirmed St. Albert as an area to be served by Calgary Power. As well, under the Municipal Act, the terms of the old franchise remain in effect," explained Mr. Smith.

## PUT THOSE WATTS TO WORK WISELY.

## A WIDE RANGE OF LOW-COST COOKING TIPS.

When you cook you can conserve energy in many ways. Plan your meals so you can cook all dishes together in the oven. And remember, roasts that you defrost before cooking will require one third less cooking time (and cost).

Save electricity dollars when cooking. Don't open the oven door too often. Each time you open it, the temperature drops and it must be re-heated.

When you cook on top of the range, use small amounts of water in covered, flat-bottom pots. It heats faster - uses less energy. Your vegetables will retain more vitamins too.

"Energy is our business -- conserving it is everybody's business."

National Geographic's natural science photographer view clever octopus. A female shows ingenuity of octopuses, which with squids, have the most complex brain of all invertebrates. Patiently coached by Robert F. Sisson, it became the first octopus trained to open a bottle.

## AROUND TOWN

Pupils of Mrs. G. Willas were featured in a piano recital on June 17 at Albert Laeombe School. A variety of classical and popular selections, including piano duets, were enjoyed by the audience of parents and friends.

\*\* \*\* \*

Ever reach down for a lost croquet ball and find a porcupine almost at your feet? That's what happened to Judy Wood last Friday evening. The tennis club were holding a barbecue at a Mission

Park home and enjoying some vigorous croquet when someone drove a ball into the evergreens at the back and Judy went to look for it. Most of those present enjoyed seeing the porcupine quite at home in his niche within the urban environment.

\*\* \*\* \*

The Ridgewood Terrace Mothers Co-operative Nursery School, held its annual registration meeting on Wednesday, June 5. Registration was fairly heavy and

there is only four vacancies in the afternoon class. The classes accommodate 15 children in the morning and 15 in the afternoon. Mrs. Joanne Symonds was appointed as teacher and will assume her duties in September. Mrs. Glynis Cabral will be starting a Pre-School group for 4 1/2 school age children in the Ridgewood Terrace Clubhouse. The classes will be held on Monday, Wednesday and Fridays.

## Klondike Parade Featuring Bands

Downtown Edmonton will echo to the sound of music for almost four hours on the morning of July 17, when this year's colorful K-Days parade lifts the curtain on another 10 days of Gay Nineties hoopla.

The big show will move out of the marshalling area at 9:30 a.m., moving west past the Centennial Library south to Jasper Avenue, west again to 108 Street, north to

108 Avenue, and east to the dispersal area via City Hall and 102A Avenue. Parade officials expect it will take almost an hour to pass a given point along the route, making the total elapsed time between march-off and dismissal better than three hours. On top of the actual parade, several bands will perform for gathering crowds along the route before the starting gun is fired

So far, nine local units have signed entry forms for the parade -- the Sealandair group, Edmonton All-Girls' Junior, police pipe band, the Klondike Drum and Bugle Corps, the Strutters, fire department band, Alberta All-Girls "A" and "B" corps, and the Shriners.

Thirteen visiting units will be marching in the show, including the internationally known NORAD band, the Queen's Royal Irish Hussars from Britain, the Medicine Hat fire department band, units from California, Vancouver, Idaho, Calgary and Hobbema, as well as three top ranking units from the Wednesday, July 17 Band Extravaganza at Clarke Stadium. In addition, three more outside bands, including another from England, are contemplating entry.

With 22 and possibly 25 musical groups joining the parade, senior marshal Doug Burns expects to have a band spaced between every fourth competing entry, guaranteeing the expected 250,000 spectators lining the route a stirring diet of marital airs.

This year the K-Days parade will salute the Alberta-RCMP Century Celebrations and the inauguration of the Aviation Hall of Fame.

## Things To Do

Lake O'Hara in Yoho National Park, is a mountain paradise. Those who saw and stayed in its alpine meadows fell in love with its fragile beauty.

That very fragility was almost the undoing of the Lake O'Hara alpine meadow, because those who came and stayed to camp awhile, caused it harm - some willfully, most carelessly. It became overused. It started to die. It is ironic - its beauty is causing its destruction.

A recent report compiled by the Canadian Wildlife Service indicates that half the meadow has been damaged by too many campers. Each summer 1,500 campers have pitched their tents on the meadow land, some stayed all summer. The study concluded that unless camping on the meadow was prohibited one of the world's finest hiking areas would be ruined for generations to come.

So this year, to give the ground a chance to renew itself and Dame Nature an opportunity to renew her kindly grip on the area, campers will be offered another area.

The new campground will be one half mile from the warden's cabin on the forest edge of the road leading to Lake O'Hara. It will accommodate about 90 persons in 30 designated campsites. A permit system will be introduced and visitors will be limited to four days of camping. The camping fee will be \$2.00 per day for each campsite.

The problem of visitor use versus preservation grows more acute every year in the nation's parks. The 10 national parks in Alberta and British Columbia for instance, played host to 10 million visitors. Generally, public co-operation with the parks staff helped. Still, environmental damage couldn't help but be caused. And no where is this kind of ecological damage more obvious than at the campground in the alpine meadow of Lake O'Hara.

## BILLBOARD

SAT. JUNE 22 - Drama and Social evening at Ellscoff Hall at 8 p.m. Music by "Andy and the Boys." Advance Tickets, phone 689-2421 - 689-2420.

SUN. JUNE 23 - French Social Club is having a picnic behind R.C. Church. Bring own lunch.

MON. JUNE 24 - 6:00 p.m. The Rainmaker Parade broadcast will be repeated on Cable 10.

THUR. JUNE 27 - Senior Citizens gather St. Albert Community Hall for cards and social. Door prizes. A warm welcome awaits all Seniors.

## FLIKING

### THE THREE MUSKETEERS

It must be the year for comedy, as most of the movies coming out are more on the laugh side. The Three Musketeers is a slapstick type comedy, while obvious, this style of humour is very effective, especially when mixed with a number of surprising scenes. However, you might find that you are somewhat above a lot of the movie, but this show is directed at a general age audience.

After his small role in Romeo and Juliet, Michael York demonstrates his tremendous acting ability and is sure to be a much sought after actor. Rachael Welch and Faye Dunaway do very little to credit their careers, but they do add to the visual effects.

In all a worthwhile movie, and keep in mind that it is family entertainment - now showing at the Rialto 1, 10134 - 101 Street.

THUNDER never strikes twice - cause once is enough!

## Rural youth seminar guests

One hundred young adults, drawn from urban areas north of Red Deer, again will be guests of the Edmonton Exhibition Association at a Rural Youth Seminar to be held in conjunction with Edmonton's Klondike Days Exposition.

The seminar, supervised by the provincial department of culture, youth and recreation, will be centered at the Northern Alberta Institute of Technology. Age limits will be from 15 to 21 years and preference will go to applicants who have not attended previous sessions. Registration will be limited to 50 boys and 50 girls.

The seminar will be open to all farm young people, whether members of 4-H clubs or not. Chambers of

Commerce agricultural societies and Rotary Clubs are being asked to nominate possible candidates. Youth organizations, including 4-H groups, also will nominate seminar members.

The only cost to successful applicants will be for transportation to and from Edmonton. Board and room will be supplied by the Exhibition Association, and seminar members will receive free reserved tickets to K-Days midway and grandstand shows. As well as taking in the highlights of the K-Days Exposition, the seminar group will visit points of interest in the city. Films, groups discussions, sports and social functions will round out the program.

The Edmonton Rotary Club will present \$100 scholarships to the highest scorers in the boys' and girls' divisions of the seminar. These will be tenable at provincial vocational agricultural colleges, NAIT, or any college or university of recognized standing.

The federal agriculture department and the Alberta Wheat Pool are co-operating in seminar sponsorship and general organization is the responsibility of the Exhibition Association's Rural Youth Committee headed by Allan Shenfield.

Inquiries concerning the seminar should be directed to Rural Youth Seminar, Edmonton Exhibition Association, Box 1480, Edmonton.

Lions park is the ideal place to finish off a year's work in kindergarten for boys and girls of five years. This group of youngsters are pupils of St. Albert Parish Kindergarten at their June 12th windup. Pupils of the St. Albert Pre-School Education Society's play-school had a morning and afternoon party for their two classes when they finished their year at the end of May.

## A fair selection of entertainment in Spokane

The theme of Expo '74 in Spokane, from May 4 to November 3, is "Celebrating Tomorrow's Fresh, New Environment." Eleven nations and a multitude of corporate concerns are represented.

Artists and entertainers will provide a continuous stream of the best of the world has to offer throughout the whole period of the fair. According to the entertainment department of the Fair, the program will range through the entire spectrum of the performing arts, from the classical and philharmonic to the country and western and rock sounds of today.

The entertainment program is still growing and not all the attractions have been set. Those who have confirmed their appearances include such artists as, Gordon Lightfoot, Bob Hope, Lawrence Welk and the Carpenters, to mention just a few.

A fine arts program will supplement the performing arts, to make Spokane a centre of all the arts during the six months of the Fair.

## Rodeo Parade Results

The best over-all champion trophy presented by the St. Albert Kinsmen for annual competition was won this year by the Edmonton Strutters Band. Best senior band was the Edmonton All Girls Drum and Bugle Band and the Hobbema All Girls Band were judged best junior band.

This year the Kinsmen

presented parade winners with new plaques, fashioned in the shape of the Province and inscribed "St. Albert Kinsmen Rodeo 113 Parade, 1974" followed by the category. Winners keep their plaques.

In the float section the Morinville Frontier Daze float was best overall and best originality in floats. St. Albert Community League won in the category best building effort.

The Klondike Square Dancers, under Ross Richardson, of Fort Saskatchewan, won the best mounted category. A new prize category was created this year for the best dressed single horse and rider, and a girl from Ethier Stables was the winner.

Best Klondike Mike Ever award again went to Bob Breen, who has been here for all the rodeo parades. About 65 entries were judged by Mr. and Mrs. Chris McDonnell and Miss Hill.

## Kindergarten ends successful year

St. Albert Parish Kindergarten completed another successful year on June 12th. Ninety six children plus another nine in a special class attended this year.

In addition to the regular

program there were field trips to Storyland Valley Zoo the Planetarium, the Fire Hall and the Library. A Christmas concert was held in the Church basement to

which parents were invited. The Kindergarten moved from the Roman Catholic Church basement to the old Father Jan School in January this year due to fire regulations.

On Tuesday June 11th, the children enjoyed a picnic in Lions Park and on Wednesday, the last day of kindergarten, all the children were presented with a diploma bearing their photograph and a report card.

## Olympic Books

The planned publication by Molson-Breweries of three books about the Olympic Games, a combined total of more than four million copies, is unprecedented in sports literature in Canada. Each of the books is colorfully illustrated and a 'gold mine' of Olympic information.

The first book, "Evolution of the Games," will be printed in time for the beginning of the cross Canada tour of the Olympians exhibits commencing this July. The second book, "Olympic Disciplines," will be published in 1975 and the third, "Olympic Records," will be published in 1976.

The price for each book is 25 cents, which is to be turned over to amateur sports programs in Canada.

## Saints suffer losing streak

St. Albert Saints are having problems this season coming up with only one win in eight-league starts. Saints only win came as a result of a 10-4 victory over City Police who will be here on Thursday night for a game against the Saints. Both clubs are near the basement in the standings of the eight-team Sunburst League.

Errors, especially in the infield have proved costly for the Saints in their last three league games (all losses). Last Tuesday they were leading Fort Saskatchewan 6-0 after three innings and ended up losing 14-6. On Wednesday in St. Albert the Blue Willow Juniors scored a run in the first inning on a St. Albert error and won the game by a 2-0 score. Saints only managed three hits in that game and you won't win many games on three hits.

Monday night in St. Albert the Saints took probably their worst licking in a number of seasons when the heavy hitting Leduc Oilers bombed them 21-1. Once again infield errors and a couple of errant throws to home plate

proved costly.

The Oilers pounded out 16 hits including two home runs by Dennis Kadatz and another by Don Darling. Rick Curtis took the win while Nestor Sorobey was charged with the loss.

Saints next home game

after Thursday's game against the Police will be on Monday when the Edmonton Cardinals will be in town. Saints have 12 league games left in the schedule and will have to win at least half of them to make a run for the playoffs.

## Chiefs hand A's their first loss

Calahoo Chiefs behind the strong pitching of Artie Stevenson handed St. Albert A's their first loss of the season in the Sturgeon Mens Fastball League Wednesday night in St. Albert, with a close 3-2 win.

Calahoo scored in the first inning on a walk to lead-off batter Emile Berube who then stole second and third and came home on a flyball. The A's tied the score in the third on a couple of base hits. Chiefs picked up a pair of runs in the sixth with Emile Berube and Ed Kachowski scoring on close plays at home plate. A's managed to score also in

the sixth but couldn't come up with the tying run.

Dick Bird on the mound for the A's pitched a strong game and took his first loss of the season.

Other Wednesday scores saw Spruce Grove Panthers score a close 9-7 win over Stony Plain Playboys, Onoway took St. Albert Inn 11-7. Enoch won over the Falcons and Stony Plain Kings won their first game of the year with a 15-14 win over Spruce Grove Juniors.

Monday nights games had Calahoo defeating the Kings 19-5, St. Albert A's 5-4 over St. Albert Inn, Playboys 5-3 over Onoway and the Panthers beating Enoch.

STANDINGS AS OF JUNE 17:

	W	L	P
St. Albert A's	9	1	18
Playboys	8	2	16
Panthers	8	2	16
Calahoo	6	3	12
Enoch	6	4	12
Onoway	5	5	10
St. Albert Inn	3	6	6
Fairhaven	3	7	6
Kings	1	8	2
Juniors	0	10	0

Dan Hollands, M.P. and Stan Fisher, Sherwood Park Recreation Director, discuss the Federal Government L.I.P. Grant recently received by the Sherwood Park Recreation Department, with Mr. Hollands assistance. The Grant was used for the construction, maintenance, supervision and upgrading of change shacks and adjacent playground sites.

## Baseball action - Frontier Daze

Morinville Frontier Daze baseball chairman Frank Volmer advised the Gazette Monday evening that teams from Lamont, Legal, Glenevis, Bon Accord, Alexander, Vimy, Fort Saskatchewan and Morinville will be competing in the popular Frontier Daze baseball tournament this weekend.

The teams will be looking for the winners share (\$185)

of the total purse of some \$395. Winners of the four games on Saturday will take home \$50 each while the two semi-final winners will get \$60 for the win with the final winner getting an additional \$75. All teams showing up will also get their entry fee back.

Alexander Braves and Lamont will open the tournament Saturday morning at 11:30 a.m. with a fastball fun game between the Edmonton Oilers and the Media to start at 2 p.m. Morinville will play Glenevis at 3 p.m. while Bon Accord and the Fort tangle at 5 p.m. The

final game of the day will feature Legal and Vimy at 7 p.m.

Sunday's first semi-final game between the winners of the first two games will start at 12 noon with the other two winners going at 3 p.m. The final will go at 6 p.m.

If any of our readers are driving by the diamond at Morinville Thursday or Friday night and see a man kneeling on home plate and looking towards the sky, don't panic as it will only be Mr. Volmer asking for a little help from the weather man. Last year's finals on Sunday were rained out.

## Coaches and Refs take on players

Coaches and referees will lock horns with a combined midget and juvenile soccer team for the coveted Ed Schrader trophy, which incidentally was won last year by the younger players in a close 4-3 match.

Kick-off time is 7:30 p.m. at Sir George Simpson field. Friday June 21. Coaches and referees line-up has H. Genth, H. Hopkins, B. O'Kell, H. Nipp, E. Viveros, K. Heyburn, J. Kelly, J. Aldred, A. Jensen, J. Alliston and K. Holden.

Young players for the midgets and juveniles are M. O'Kell, J. Holden, J. Campbell, B. Alliston, G. Armstrong, D. Brown, L. Hubbs, T. Donnelly, D. Kettles, K. Kennedy, B. Kathol, J. Kennedy and A. teven.

It is hoped that Ed Schrader, donor of the trophy for this annual event will be on hand to make the presentation.

Referee for the game will be either E. Scharf or D. Leggett, and if the weather is too bad the game will be played on the following Monday, June 24.

## Standings close - NCA baseball nears half-way mark

The six team North Central Baseball League is rapidly approaching the half-way point in the schedule with the top three spots being separated by only two points.

Vimy leads the league with 11 points on five wins, one loss and a tie. Morinville and Bon Accord are tied for second with identical records of four wins, one loss and a tie for nine points. Rochester is in fourth place with one win, three losses and a tie for four points, the same as Legal who have two wins and five losses. Lamont is in the basement with one tie and five losses.

The league this year has

adopted a most valuable player on each team for each game with the losing team picking the winning teams most valuable player and the winning team selecting the most valuable on the losing team.

To date after seven league games, Roger St. Arnaud leads the way with 15 points while Roger Morrill of Rochester is in second place with 10 points. Dale Lewis of Bon Accord, Ray Brisson of Legal, Rick Pugliese of Morinville, Ray Wagoner of Rochester and Pete Provincial of Vimy all have eight points each. The player on the winning team gets five

points and the best player on the losing squad gets three points.

The league standings to date are as follows:	W	L	T	P
Vimy	5	1	1	11
Morinville	4	1	1	9
Bon Accord	4	1	1	9
Rochester	1	3	2	4
Legal	2	5	0	4
Lamont	0	5	1	1

## Lacrosse shoot out Sunday

The Edmonton District Lacrosse Association will get into the act and hold a NHL style shoot-out this Sunday, June 23 at 7 p.m. in the Jasper Place Arena. Twenty shooters and six goaltenders will participate.

The format calls for a three round elimination with the final round being the two remaining shooters vs the two remaining goalies. Shooting is per CLA rules. All players of the four Alberta Major Lacrosse teams are eligible if they are registered in the ALA. A fee of \$5 will be charged for each player with the prize money being split among the two winners. Following the contest the St. Albert Golden Jets and the Blues will play a scheduled game.

## Handful of Pee-wees come through in Lacrosse

St. Albert's pee-wee Lacrosse team faced an endurance test last Thursday when

only six players including a goalie showed up at Tip-top Arena for a league game against the East Edmonton squad. Coach Al Scheurman seeing the predicament he was in having to play five boys against 15 with no rest, advised his boys to do the best they could and try not to get discouraged. With their backs against the wall St. Albert played a truly remarkable game and came out of it with a well deserved 2-2 tie and very nearly won it 2-1. East Edmonton scored with only a couple of minutes remaining in the game to tie the score.

East Edmonton opened the scoring near the 10 minute mark of the opening period only to have Leo Bourbonnais tie the game at the 13 minute mark. Victor Peter-

son and Wes Bush assisted on the goal. Bourbonnais with assistance from Wes Wakefield and Mark Peski Lewis scored the only goal of the second period to give St. Albert a 2-1 lead going into the final 15 minutes.

Wayne Orlick in goal for St. Albert put on a remarkable display of goaltending in the final period, but allowed the tying goal with only a couple of minutes left in the game. All St. Albert players figured in the scoring including the team play.

Following the game the coach and players from East Edmonton congratulated St. Albert for their excellent play combined with sportsmanship. Just what might have happened all the players on the team had showed up.

## Hercules Girls softball

The Bluebonnet scored a decisive 30-16 win over Blue Jays Tuesday night at Sir George Simpson School to win the A division of the Hercules Girls Bantam softball league.

In the B division of the bantam league the Power Paces scored a close 12-10 win over the Streakers. Photos of both winning teams

have been taken and will appear in next week's Gazette.

In the Squirt division the Wescon Warriors scored 18-13 win over the Dalm Queen Braziers to capture the title. As soon as the league trophy is available we will have a photo of the winning team.

ST. ALBERT - STURGEON GAZETTE, WEDNESDAY, JUNE 19, 1974

## St. Albert REC. NEWS

### SWIMMING:

Registration for swimming instruction during July is scheduled to take place on Tuesday and Wednesday, June 18 and 19 in St. George Simpson School, Grosvenor Blvd. from 7 - 9 p.m. on each evening. Any openings left after these two registrations will be announced in next week's Gazette.

If there is enough response a class may be arranged for children who have passed the senior level in the Red Cross

program and are "marking time" till they are old enough to take the Bronze Medallion. This class would introduce them to various aquatic skills: synchronized swimming, water polo, strokes used in competitive swimming, etc. It might be described as an extension of the Red Cross program and those interested are asked to please leave their names at the pool.

All kinds of fun and games, as well as the more serious side of aquatics, are being

planned for the water show which will take place on Sunday, June 23 at 2 p.m. Public swimming will be cancelled for the afternoon but the normal schedule will resume at 5 p.m. with family swimming.

There will be additional public swimming sessions from 10 a.m. - 12 noon and from 1 - 3:30 p.m. from June 24 - 28 inclusive.

**BASEBALL & SOFTBALL:** Coaches are asked to be sure and book diamonds for practices or games through the Department of Recreation (phone 459-6601).

**TENNIS:** Bill Keach is the young man who can be found around the tennis courts on Mission Avenue from 2 p.m. He has been appointed as supervisor of the courts under a STEP program and is there to see that the rules of fair play are observed and that there is no "hogging" of the courts. He will also give advice and guidance to players - particularly the juniors. A blackboard has been installed. Please put your name down if waiting to play **PLAYGROUND PROGRAM:**

A playground program for the 5's and over will be in operation from July 2 at four different locations in the town: Mission Park, bradshaw, Salisbury Park and Grosvenor Park.

## Ed Fullers Take Game Jets stand at 3-6

Last Tuesday the St. Albert Golden Jets senior lacrosse club dropped their sixth game of the season - this time a 14-9 decision to the Edmonton Fullers. On the season the Jets record now stands at 3-6.

Len Fasak led the Fullers' attack with three goals while Pat Nebbett and Gene Shelley fired two apiece. Seven players had one marker for the Edmonton squad.

Brian Pedersen had three goals for the Jets. Doug Parsons and Lee Carlyle chipped in with two goals apiece while Barry Konkulus and Bruce Nelson added singles.

The Jets played one of their finer games of the year outshooting Fullers 59-47. Once again Bob Johnson played an excellent game in goal for the visitors.

Fifteen minor penalties and three majors were called. Jim Shelley had two majors for Fullers, both coming on the same play. With a man advantage for 10 minutes the Jets scored five power play goals which narrowed the score. At the end of the second period to 9-8 in favour of Fullers. However, Fullers outscored the Jets 5-1 in the final period as the Jets seemed to run out of legs.

With five players out with injuries the Jets have been playing with no more than two lines. This is a tough task

in any sport but especially tough in lacrosse. Coach Ray Anaka is hoping to get some

runners back shortly in order for the Jets to get back in the winning column.

## Paul Kane wins school tennis

The Paul Kane tennis team captured the St. Albert Tennis Club trophy in matches played last week with St. Albert High School.

In the well played competition Phil Kemp of Paul Kane defeated Peter Stanley of St. Albert High 6-0, 6-4 in singles while Maggie Bourgeois of St. Albert High won out over Cassy Kemp 6-2, 6-2 of Paul Kane in girls singles.

The Paul Kane boys doubles team of Jim Hole and Miles Pratt defeated Mike and John Kennedy 6-3, 6-3, while in girls doubles Maureen Harris and Paulette Poirin of St. Albert High won by default.

The only match to go three sets was the mixed doubles in which Valerie Green and Gary Larson of Paul Kane defeated Brigitte Brust and Bob Gilbertson 6-4, 3-6, 6-1.

The festivities of Rodeo 113 included a family day at the St. Albert Arena where this little lady was caught by Gazette photographer, Alex Mirlin, as she was doing a few 'fancy steps' to the music of Blackwell.

## Student wins third with one-act play

Jeanne Kathol, 15 year old grade 10 student at St. Albert High, won third place for her one-act play written for a provincial high school students competition. Jeanne, who entered the competition at the suggestion of her teacher, Mrs. Sklarz, was advised of her placing in a letter from the Department of Culture, Youth and Recreation, with congratulations from Drama Supervisor, Mr. J. T. McCreath who did the adjudication, and a cheque.

Her play, entitled 'The Surprise' is a story of a teen-age girl's struggle against pressure of her peers, and how she succumbs to the pressure and starts smoking despite her revulsion.

Earlier this spring Jeanne won an honorary award in the Short Story competition

sponsored by Canada Permanent Trust, when all winners were treated to a superb five course steak dinner at the Edmonton Club. She also won a competition sponsored by the St. Albert Library, following which she was encouraged to join the Sturgeon Writers Guild, which she did for a year.

Writing is strictly a hobby with Jeanne and she has no plans at the moment for making it a career, despite her obvious talent.

## JUST ARRIVED!

Scott and Carole Friesen of 65 Greenbrier are happy to announce the arrival of a baby boy on June 12. David Scott, who weighed in at six pounds 13 ounces is a brother for Kevin.

Mr. J. Allan Maloney now attending Palmer College of Chiropractic in Davenport, Iowa, and son of Mr. and Mrs. William Maloney of Edmonton, Alberta, has been selected as a member of the Pi Tau Delta International Chiropractic Scholastic Honor Society. Membership is limited to students who have attained a 3.5 (A) average scholastically throughout their professional four-year course of study. Mr. Maloney attended St. Albert High School before graduating from Alberta Vocational Centre in 1970. He attended Canadian Memorial Chiropractic College, Toronto, before enrolling at Palmer College. He will receive his doctor of chiropractic degree on June 22nd. He is married to the former Irene Kremer of Morinville, Alberta.

## NDP chooses Jane Weaver in Edmonton West

Mrs. Jane Weaver, president of the United Nations Association, Edmonton Branch, has been nominated to contest Edmonton West riding for the New Democratic Party in the Federal election campaign.

Mrs. Weaver has been active in the community activities concerned with human rights and the preservation of our Canadian heritage.

She has assisted in programs for the preservation of Ruthersford House and of St. John Baptist Church in Morinville and was asked to do a feasibility study for an air museum for the City of Edmonton. Mrs. Weaver is also co-chairman of the Hungarian-Canadian Cultural Studies Appeal in Edmonton, a member of the Alberta Aviation Council and the Ukrainian Cultural Heritage Village.

Mrs. Weaver said that the New Democratic Party is the only major party which is committed to solving Canada's social and economic problems. Her campaign, she added, will give the voters of Edmonton West an opportunity to consider the New Democratic policies.

## Safe distance to explosion to be determined

Canada is to conduct a NATO trial series at the Defence Research Establishment in Suffield, Alberta which will ascertain whether current safety distances to explosions are overly conservative and a possible waste of real estate. The test will be handled in conjunction with Britain and the United States.

The major part of the experiment will involve the detonation of three 110 thousand-pound charges. The first is scheduled to take place June 19th, with the remaining two between July 10th and July 24th.

The large explosions will determine under what circumstances smaller nearby charges will explode sympathetically. No nuclear explosives or devices, or chemical or biological agents are involved.

Britain and the United

States will be providing the items to be exposed to overpressures, such as caravans a reinforced concrete arch-like structure, and other associated items. Canada will provide on-site logistics and technical and scientific staff erect traverses for instrumentation, and construct the British-designed concrete arch. All three countries will collaborate in analysing data and preparing conclusions and recommendations.

During the test the United States will also be conducting a series of related tests on their particular design of explosive storage facilities.

Consultation in the preparation of the test has been carried out by Federal and Alberta environmental specialists. Both levels of government will provide overseers for the tests.

At the meeting held at the hospital cafeteria, on Monday June 10th the Sturgeon General Hospital Auxiliary hosted a coffee and dessert party. The party was held to show appreciation to the many volunteers who give their time so freely to help the auxiliary, but are themselves not members. Approximately one hundred people attended the party and Mrs. Mary Bondarevich President, and Mr. Cliff Keyes, Hospital Administrator expressed their thanks. Facing the camera are:

Betty Williams, left president, Mary Bondarevich, speaking, Sheila Cooper and Alice Scheibelhofer, executive members at the head table, Eileen Gillard in front of Alice and Marie Sharp at right.

If your family

# Bus service to be extended Seniors to get free fare

On September 1st senior citizens will be issued with free bus passes for certain hours in St. Albert and a system of general monthly passes and students passes will be introduced. In addition the St. Albert Transit System will extend service with two more buses and extended routes.

At a regular meeting of town council held Wednesday evening, June 12, matters of transferability between the St. Albert and Edmonton buses, and bus passes were discussed. St. Albert has made application to the city to permit a system of transfer privileges with apportioned revenues to each municipality.

The application points out that there will be advantages to each municipality. Edmonton passengers will benefit when using the St. Albert Transit System within city limits, such as the Bonaventure Industrial area, School for the Retarded, the NAR and Macleods and Eatons warehouses, and suggests the city will make a considerable saving through not having to provide their own services to this area.

St. Albert suggests that passengers with an ETS transfer riding to St. Albert, or a point outside the city, or from St. Albert to the city, pay the difference between the Edmonton fare and the St. Albert fare (adults

25¢ and students 15¢). The effect of such transfer privileges would be that each transit system gives a concession of 12.5 cents per passenger per trip, and the application states that the advantage lies in avoiding the duplication of services.

On the matter of passes the application suggests that Edmonton employee passes and senior citizen passes will not be valid on a St. Albert bus and St. Albert seniors passes would not be valid on a city bus. It further suggests that the problems of transferability for senior citizens between transit systems is one for the Provincial Government to resolve.

Three types of passes were considered: for senior citizens, at half fare or free

on the St. Albert system at non-peak hours; monthly passes of \$15., which in combination with ETS pass would cost \$25.; and student term passes for the University, NAIT and Junior College students for four months in the fall and four in spring, at \$40 per term, or if both systems were used a combined cost of \$70 for the fall term and \$75 for the spring term.

If ETS passes were accepted on St. Albert buses within city limits, St. Albert would pay full cost and receive no revenue, and the application suggests that it would be reasonable to allow a credit of half the difference in fare. So that the Edmonton holder of a pass would pay 15 cents within city limits, and if going to St. Albert or any

point outside the city limits would pay 25 cents.

Councillor Bakker pointed out that April revenues for the St. Albert bus service were \$5,700 and in May - \$6,580. If the patronage holds up and the figures are extended total revenue would be about \$55,000, he said, whereas we originally estimated \$39,000. The councillor felt that either the deficit could be reduced, or the service extended, and favoured the latter. The maximum contribution from the province he added is \$3 per capita, or \$58,000. He felt council should deal with the administrator's recommendation for monthly passes for \$15., non transferable and the treatment of senior citizens.

Coun. Lukay asked what

is the advantage of passes and Coun. Bakker replied that there is some space presently not used, although we are getting near capacity, and that number of trips could be increased. Coun. Thronson said council should go ahead on seniors now.

Has anyone had opportunity, asked Coun. Hudson, to look into how city policy might affect any decisions we make, and Coun. Bakker said there were two items, the provincial subsidy of \$3 per capita or 50 per cent of operational costs, and the capital contribution. Coun. Fyfe moved that monthly passes at \$15 be sold and be non transferable, but the mayor wanted facts and figures before voting. Coun. Lukay moved to refer the

question for a report, but the motion lost 5-2 and the Fyfe motion carried with Lukay and Gibbon opposed.

A motion was made by Coun. Thronson that senior citizens have free passes between 9 and 3:30, a Coun. Hudson said he would prefer to include the hours between 6 p.m. and the first trip as well. Coun. Thronson added these hours to his motion which carried unanimously. The free pass will apply to St. Albert senior citizens only, and will be implemented Sept. 1st.

Motions to improve the service by two more buses and extended routes, and to implement student passes at \$40 for four month terms on September 1st also carried unanimously.

## Cyclists win trophies

The Breakfast Lions are pleased that already a number of cyclists have earned and received handsome trophies for their efforts in the Bike-a-thon.

Neil and Wayne Bokenfohr, Neil and Paul Adams, Cindy Smith, Martin Cairns and

Jackie Latimer are recipients to date.

In the teacher's competition, Fred Resler from Paul Kane received a trophy, and Mrs. Taylor of the Women's Institute received one competing in the womens clubs event.

Father Colin Levangle, however, is in a class by himself. If the Lions could capture three riders as well sponsored they would be fortunate indeed in their annual project for community service work.

## Rodeo bike contest

Approximately 15 local girls and boys entered the Kinettes annual Decorated Bike Contest on Saturday. Myrna Fyfe, Louise Rasmussen and Father Levangle as judges had a very difficult time making their decision.

There were first and second places in each of the three categories. Winners of the western category were Gerome Bruha of 28 Grandora Cres. and David Hembroff of 40 Flint Cres. Gerome and David were an In-

dian and a horse respectively.

John Kersh and Gwen Grant took first and second place for the most comical. John was a Womens Lib representative and Gwen was an elephant.

First and second place for original entries went to Mary Lou Lukay of 38 Balmoral Drive and Emily Hembroff of Flint Cres. Mary Lou was a U.F.O. and Emily a dog.

## Lions feed 4300 at Rodeo Breakfast

St. Albert Supper Lions figure they flipped about 10,000 flapjacks when they fed more than 4,000 residents at the Saturday morning kickoff breakfast for the Kinsmen Rodeo. The breakfast was held in Lions Park. A plate count revealed 4,283 servings of pancakes

and sausages, with orange juice or coffee, says Lions project chairman Jim Murray. The breakfast was served from 7:30 until the start of the parade at 10 a.m. "We had enough ingredients to feed about 6,000 and from the look of the lineup we were sure we would

reach that quota. Many people didn't bother joining the lineup, even though it passed rather quickly," said Jim. In anticipation of the heavy turnout, Lions members pre-cooked 500 of the 1,300 pounds of sausages late Friday night.

Assistant Lineman Brian Message doesn't have his wires crossed... he's checking to see that the underground cables are properly matched before terminating the transformer. A telephone conversation is held with his colleague at the next transformer site to check connections on the 14,400 volt line. Once transformers are terminated, lines are ready to be energized as customers come on line in a subdivision.

# High-resistance Drywall Texture Developed by St. Albert Resident

Following five years of experimentation, Mr. Frank Scott and Mr. Ed Leeder have developed a drywall texture which will last an estimated 25 years. The developers of the product are convinced that the material is superior to and competitive with conventional materials used and it is almost indestructible.

To substantiate the claim that the material is virtually indestructible, Mr. Scott provided an amazing demonstration of the product in the partially finished basement of his residence at 34 Lambert Crescent where he has installed the texture throughout.

First, Mr. Scott drew attention to the ceiling of the family room and grasping a stiff steel brush he vigorously rubbed the ceiling surface. Where conventional ceiling material would have been significantly effected by such treatment, examination of the ceiling failed to reveal any trace of the scrubbing. Mr. Scott has noted that this technique is, in fact, a perfect method of cleaning the surface.

Mr. Scott then took a sheet of plywood and dragged a corner against the ceiling for almost the full length of the room. This action, amazingly, did not damage, scratch, or cause any of the texture to fall from the ceiling. An experiment of this type is not recommended for a conventional ceiling texture because damage resulting from such treatment would be great.

Turning attention to the brick-face feature wall created out of the material, Mr. Scott began the second phase of the remarkable demonstration. From a distance

of about 10 feet, and with an appreciable amount of force, he hurled a rough piece of lumber at the attractive wall. There was absolutely no effect to the wall from the collision but it was noticed that the piece of lumber was dented.

The demonstration of the material's durability continued through the other semi-completed rooms in the basement where similar rubbing, bashing, and throwing experiments were conducted. All indicated the same lack of effect. Even Mr. Scott's daughter, Laura Lee, got into the act to prove that the surface is 'child proof.' The material proved its ability to take anything that the child could 'dish out' without any trace of damage.

The most convincing demonstration of the texture's durability was conducted in the garage where it was installed this winter to appraise its ability to withstand extreme conditions and repeated exposure to exhaust fumes from car warm-ups. The ceiling looked as bright and in as good a shape as the ceiling in the basement. Mr. Scott took a regular garden rake and conducted a most abusive scraping of the ceiling repeatedly. There was no observable trace of the action at all.

The uncommon durability of the material was further illustrated in a tour of the rest of the house where the material has been employed, in areas such as the kitchen and bathroom the material proved to be in perfect condition despite several years since installation. Above the shower in the bathroom, a problem area for ceiling texture, the material was as

hard and as bright as the ceilings in more recently treated areas.

Mr. Scott related an instance where a frying pan fire broke out in a house where he had installed the ceiling texture during its experimental stage. The area directly above the frying pan was badly stained by smoke and grease. After a 24 hour period which allowed the stain to dry, cleansing was accomplished by using the steel brush technique. The result was that the spot was no longer observable and evidence of fire damage was nonexistent.

Another incident which reinforced faith in the texture material for Mr. Scott was an unfortunate accident that occurred when a Modular House equipped with his ceiling material. The dwelling was on its way up north on a trailer unit when the trailer flipped into a slough. The trailer remained in the water for a two-day period before rescue operations could recover the equipment. Holes had to be poked in the ceiling in order that the water which had accumulated could be drained. Examination of damage revealed that the ceiling was undamaged and still hard and strong despite the turn of events.

Considering the unusual strength of the material one might expect that cost would be high and that application would be difficult. This is not the case and Mr. Scott states that the material can be sprayed on using the conventional means. Price of the material is less than the price of the type of texture currently in production. Application requires only a single operation and the material can go over most sur-

faces without special attention. Porous surfaces such as plywood require painting prior to application of the texture.

The product will be manufactured in St. Albert and Mr. Scott feels that 'St. Albert deserves first crack at the idea.' Several residences in the area have the material installed already though the owners may not fully realize the fact. The ease with which the product can be mixed allows production anywhere in Canada and in fact, hundreds of gallons of the texture can be produced in the matter of an afternoon.

Following the incident involving the modular house, the developers of the material were convinced that it was perfected and the decision to market it was made. It is believed that it will soon be employed in construction on a general basis and the interest generated in the product is calling for immediate supply to B.C.

With the product having reached the stage where it is in demand and it is ready for public use, the professional and even the home-handman will soon be able to obtain it. It will be distributed across Canada by Casey Jones Equipment Ltd. Surrey, B.C., and will be available in St. Albert from Scott Rental and Sales Ltd. as well as L.B.H. Home Improvement Centre.

Mr. Frank Scott demonstrates the amazing toughness of the drywall texture which he and Mr. Ed Leeder have developed by scraping a piece of plywood against his ceiling. Not a trace of the treatment was evident on the ceiling.

## NOTICE OF PUBLIC HEARING BY Public Utilities Board

THE PUBLIC UTILITIES BOARD  
FOR THE  
PROVINCE OF ALBERTA

IN THE MATTER OF "The Public Utilities Board Act" being Chapter 301 of the Revised Statutes of Alberta, 1970

AND IN THE MATTER OF "The Gas Utilities Act" being Chapter 158 of the Revised Statutes of Alberta, 1970

AND IN THE MATTER OF rates for gas supplied and service rendered to be charged by CANADIAN PROPANE GAS AND OIL LTD.

### NOTICE OF PUBLIC RATE HEARING

WHEREAS the Public Utilities Board, pursuant to Section 27 of The Gas Utilities Act, upon its own initiative, after giving notice to and hearing the parties interested, intends in accordance with the provisions of The Gas Utilities Act to fix just and reasonable rates, proper and adequate rates and methods of depreciation, and just and reasonable standards of service which shall be imposed, observed and followed thereafter by CANADIAN PROPANE GAS AND OIL LTD.

NOW THEREFORE the Board hereby gives notice to all parties who may be interested that the Board will hold a preliminary hearing at the Court House in the City of Calgary, in the Province of Alberta, on Monday, the twenty-fourth day of June, A.D. 1974, at 9:30 o'clock in the forenoon in order that dates for filing of material and hearing of the interested parties and the procedures to be followed with respect to the conduct of the hearing may be reviewed and determined.

# Premier to visit Sher. Park in Pembina campaign

Premier Peter Lougheed will be appearing at Eastgate Mall in Sherwood Park on Saturday, June 22, along with Peter Elzinga, Progressive Conservative candidate in Pembina riding. It is expected the Premier will spend about half an hour at the mall, and people of Sherwood Park are invited to come down and meet both Peters.

Peter Elzinga is happy to have Jack Bigg, former M.P. for Pembina riding for 14 years, actively assisting with his campaign. The Ardrossan rancher has entered the federal political scene in a controversial campaign in which Conservative incumbent Dan Hollands was defeated in the nomination, but decided to run under a Conservative banner. Elzinga polled 419 votes to 319 for Hollands in a nomination convention attended by about 1,000. The convention was preceded by eight zone meetings throughout the riding, where delegates were elected to the nomination meeting.

Mr. Elzinga leans toward a 90-day freeze on prices and wages to help stabilize prices, which he says is being advocated by many Conservatives. Despite an upwards swing in prices they receive for their products, the cost of production is too high, and this hits particularly the farmer who raises cattle, said Peter.

He also feels that strikes are a shameful waste of productivity, and alternatives

must be found. Arbitration boards he feels must have the power to make binding decisions without delay.

The Elzinga campaign committee contacted the Uniform and National Farm Union people, and a series of non partisan meetings are being sponsored throughout the riding by the farm organizations, the first of which was in Athabasca Monday night. On Wednesday, June 19 a Uniform meeting goes in the Thorhild Recreation Hall on June 20th at Boyle Community Centre, June 21st in Westlock Jr. High gym, on Monday, June 24th at Barrhead Jr. High gym, on June

25th at Ben Accord Community Hall and on Friday June 28th at the Fort Saskatchewan Jr. Elementary gym. All meetings begin at 8 p.m. Some are sponsored by Uniform, some by the NFU and some jointly by the two organizations, as a public service.

CFRN are holding a radio open line forum on Friday June 21st for all Pembina candidates from 10:30 until noon.

CJCA have an open line program on July 3rd and on July 25th Capital Cable TV will stage an open line program at 9 p.m.

## Hennessy pleased Hollands is running

Tom Hennessy was pleased to hear that Dan Hollands had followed his hunches and decided to run even though he lost the PC nomination. "If the conservatives can't agree on a candidate in Moncton, I guess the same thing can happen in rural Alberta," he said. "At least Stanfield did not tell them that (Peter) Elzinga was unacceptable in this case even though Hollands used Stanfield's support as part of his reasons for running on his own."

"I think this gives the voters of Pembina a real new opportunity to consider the New Democrats, if we receive reasonable consid-

eration, we will make solid and impressive gains," Hennessy said. "New Democrats in Ontario have been able to climb over the hurdle of pessimism about the NDP so that now their ideas are well heard and given the kind of real consideration we need here in Pembina," he said.

Hennessy said his reception throughout the countryside had been encouraging, he was well remembered from the last federal campaign, and most people had no real certainty that their usual TV votes were bringing the payoff in Ottawa that they felt rural Alberta needed.

"That means that our NDP ideas will receive consideration that was not there in some years past," he said.

## Telephone building in Gibbons

Alberta Government Telephones has announced a \$668,000 project in Gibbons for a new telephone building and installation of the most sophisticated facilities available.

Construction of the 45' x 75' building will begin during September, 1974, and telephone equipment will be installed for service April 27, 1975.

The switching equipment will be computer controlled and will complete calls faster and with greater reliability than existing equipment.

Honorary Life Members of the School Business Officials of Alberta Association were presented a three long term participants in the organization, during the three-day meeting in Banff at the Banff Center last week. Chris McDonnell, of St. Albert Public, R. Bancroft, of the U. of A. Extension Department, and Ed Borth of Provost, were honored at the banquet during the meeting. Shown left to right are Harold Underson, President of the Alberta School Trustees Association, Calgary; Chris McDonnell of St. Albert; Dr. Bancroft, Edmonton, and Eric Murray, Medicine Hat, President of the SBOA and who made the presentations.

## Alan Sweetnam dies suddenly

The Reverend Harold Black conducted funeral services for Mr. Alan Sweetnam at Norwood United Church on Tuesday, June 11. Mr. Sweetnam died suddenly on Saturday after a blood vessel broke in his head. He was 48 years old.

He is survived by his wife Elizabeth, sons Donald, Kent and Tim, and daughters Catherine and Laurel, all at home; his mother Mrs. Nellie Sweetnam of Edmonton, one sister, Mrs. Harry (Muriel) Hole of Edmonton, and three brothers, Kenneth of Grande Prairie, Albert and Victor of Calgary.

Memorials may be made to Patricia United Church Memorial Fund or to the Intensive Care Unit at Royal Alexandra Hospital, Edmonton.

Mr. Sweetnam was the son of Mr. and Mrs. Samuel

Sweetnam who came to the area in 1920 from Ireland settling first on a farm on the present Namo Air Base, and moving when that property was taken over, to Horse Hill district.

During the war Mr. Sweetnam served overseas with the Princess Patricia Parachute Division. He was married on November 1, 1950 to Elizabeth Clark, whose family were oldtimers in the Horse Hill district. The couple had a quarter section beside the family farm and Alan farmed with his dad until taking over the home place in 1960. The farm operation includes dairy cattle, beef cattle and feed lot, and grain, and the Sweetnam's oldest son, Donald, has made it his career as well.

Mr. Sweetnam served on the Agriculture Services

Board of the M.D. Sturgeon over the past several years, and was always interested in community affairs. He was a member of the Horse Hill Community League and very interested in the Namo 4H Beef Club, where his children were members and he acted as a leader. He was active as well in the first cub and scout group formed in Horse Hill, and a leader, and was a member and strong supporter of Patricia United Church.

Shortly before his death Alan Sweetnam was host to visiting parliamentarians from the United Kingdom who showed considerable interest in the size and nature of the operation, quite unlike anything they had known in their own country.

## RE - ELECT DAN HOLLANDS, M.P. X CONSERVATIVE

Municipal District of Sturgeon No. 90

### Notice of Public Hearing

The Council of the Municipal District of Sturgeon No. 90 intends to rezone the N.W. 15-56-54-4 from Agriculture to Light Industrial. Views or objections to the proposal are to be submitted in writing on or before June 21, 1974 - 8:00 p.m. at which time a Public Hearing will be held in the Municipal Office at Morinville, Alberta.

Alphonse Nobert  
Secretary-Treasurer

Municipal District of Sturgeon No. 90

### MUNICIPAL WEEKLY NEWSPAPER

The insert is to notify all residents of this Municipality that at a meeting held May 21, 1974, the Council passed a resolution whereby effective December 31, 1974, the newspaper contract will terminate. Each resident will be responsible to pay for subscribing to a newspaper, publication of his or her choice if he or she so wishes.

Alphonse Nobert,  
Secretary-Treasurer.

## Voters of Pembina!

TAKE AN EXTRA MOMENT

HERE TO CONSIDER

THE NEW DEMOCRATS.

Tom Hennessy says...

Think carefully before you vote. The New Democrats offer a vision of a better future for all Albertans. We are the only party that stands for the people. We are the only party that stands for the future. We are the only party that stands for the people. We are the only party that stands for the future. We are the only party that stands for the people. We are the only party that stands for the future.

The election of 1974 is a chance to decide the future of our province. It is a chance to decide the future of our province. It is a chance to decide the future of our province. It is a chance to decide the future of our province. It is a chance to decide the future of our province. It is a chance to decide the future of our province. It is a chance to decide the future of our province.

ON JULY 8th

ELECT TOM HENNESSY N.D.P.

## NAMAO SCHOOL AWARDS PROGRAM

On Friday, June 14 a Grade IX Graduation Tea and Awards program was held at Namao School. After singing O'Canada, Mr. Wm. Tanasiuk, principal introduced the Grade IX graduating class: Barbara Akerman, Diane Belcourt, Valerie Blamire, Tim Bokenfohr, Tim Booth, Neil Coburn, Gail Compton, Rose-Anne Diprose, James Fewchuk, Roddy Forest, Leslie Friedel, Michelle Gaudin, Debbie Gauthier, Betty Gibson, Bernadette Huber, Mary Kok, Maureen LeClair, Art Low, Lori Anne McKenzie, Larry Petryshyn, Lori Samis, Brian Speers, Doug Vaculichik, Janice Wilson.

Mr. F. Robinson, superintendent, brought a message to the students and then presented the year's Book Awards to: Grade 1 - Randy St. Pierre; Grade 11 - Darren James; Grade 111 - Joanne Franchuk; Grade IV - Greg Gibson; Grade V - Shaina Bland; Grade VI - Myrna Vaculichik; Grade VII - Maria Huber; Grade VIII - Naomi Booth; Grade IX - Maureen LeClair.

Mr. McCall and Mr. Letz presented the Sports Awards for volleyball and basketball followed by a presentation to the coaches.

Mr. Larson presented the McMillan Trophy to Cindy Hegberg. Magazine salesman of the year was Darren McDonnell. Education Week Essay Contest - Best Divisional Essay was won by Denise Powell.

The program was followed by a tea for the parents of graduating students and the teachers at a Saturday, June 15 pot luck supper and family dance was held in the school. At the program, Mr. Tanasiuk, congratulated Mr. Lietz who is going to Camilla School as vice-principal and Mr. Schick is also promoted and will assume the responsibilities as vice-principal at Namao. Mrs. Brodie and Mrs. Pasenko are retiring from teaching. Mr. Rigney is transferred to Gibbons as vice-principal. Mrs. Ford will be teaching at Bon Accord and Mr. Larson at Horse Hills. Mrs. Strong, library club at Namao has accepted a position at the C.N. Library. Mrs. Geeraert who served as librarian and resource teacher is also leaving, her plans presently are indefinite. There will be many changes at Namao School in the coming year.

On May 21, Namao 4H Buttons and Bows Clothing Club held their final meeting at the home of Terry Unrau. They decided to hold their wind-up on June 16 with a supper and movie. The club will pay for the supper and the girls for the movie. This will be a family outing and the girls decided to go to the London-derry Hotel for their supper and then choose the movie. On September 21 the girls will hold their beginning year meeting at the home of Mrs. Ted Samis.

Reported by Laurie Jeff-

ery.

## MRS. JEFFERY PASSES AT 80-YEARS

On June 6, 1974, Mrs. Matilda Edna Jeffery of the Norwood Auxiliary Hospital, formerly of the Sunnyside district passed away at 80 years of age. She leaves to mourn her loss, one son Harley of R.R. #4 Edmonton, four grandchildren; one brother, Ivor Lindsay of Vancouver, British Columbia. Mrs. Jeffery was predeceased by her husband, Harold Edgar Jeffery in 1963 and by her son John Robert Jeffery in 1964. Funeral services were held on June 11 at Foster and McGarvey Funeral Chapel with Reverend Harold Black officiating and interment in Evergreen Memorial Gardens.

Get well wishes of the district go to wee Wendy Black, Derek McBurney who was in hospital last week and to Betty Gibson who suffered badly cut arms in an accident at the school.

## WEEK OUTDOORS PROVES LEARNING EXPERIENCE

The first week of June, 45 grades 5 and 6 students from

Namoo School travelled by school bus to Bar Harbour Camp on Buffalo Lake which is 18 miles north of Stettler. Grade 5 teacher, Mrs. G. Brodie was in charge of setting up the camp and Grade 6 teacher Mr. G. Schick planned the activities.

The first night they were greeted by the mayor of Stettler and his wife, Mr. and Mrs. Brennan and the principal of the elementary school Mr. Selbel who did an astronomy session with the students. The next morning the "Rocket Teers," the Stettler Rock Club arrived for a study on rocks.

Mrs. Ford conducted a session on outdoor education nature study and wildlife. Representatives from the RCMP showed films and gave a talk on highway patrol and their work. On Wednesday, a representative from the Fish and Wildlife Society gave the students a talk on wildlife and conservation.

That evening the students toured the Gulf Oil Gas Plant.

On Thursday they enjoyed a trip to Drumheller to see the Badlands, visit the Museum and go swimming. On Friday, they drove to Stettler to swim and tour the Vacation School, and after lunch visited a Charolais

Students of Mrs. Brodie's class at Namoo School had a varied education program on many aspects of outdoor living on a week's trip to Buffalo Lake and the Drumheller area.

Farm before starting home.

They enjoyed campfires every evening and were paid a visit by the Stettler Fire Department who gave instruction on outdoor fire prevention.

The students were given water safety demonstrations and instruction in artificial

respiration.

This very educational week was supported by parents who accompanied the teachers and students, Mrs. Jeffery, Mrs. Fewchuk, Mrs. Hodgins, Mrs. Brown, Mrs. Huber, Mr. and Mrs. Niedig, Mr. and Mrs. Monahan, Mrs. Gwilliam and Mrs. Hackman.

## Do You Know?

1. THAT if you desire to retire on 10 acres of your quarter section and sell the balance of that quarter the M. D. of Sturgeon charges \$100 for administration fee plus \$400 for municipal services.

2. THAT if you wish to sell or give your son 80 acres from your quarter section the M. D. of Sturgeon charges you \$100 for administration fee plus \$400 for municipal services.

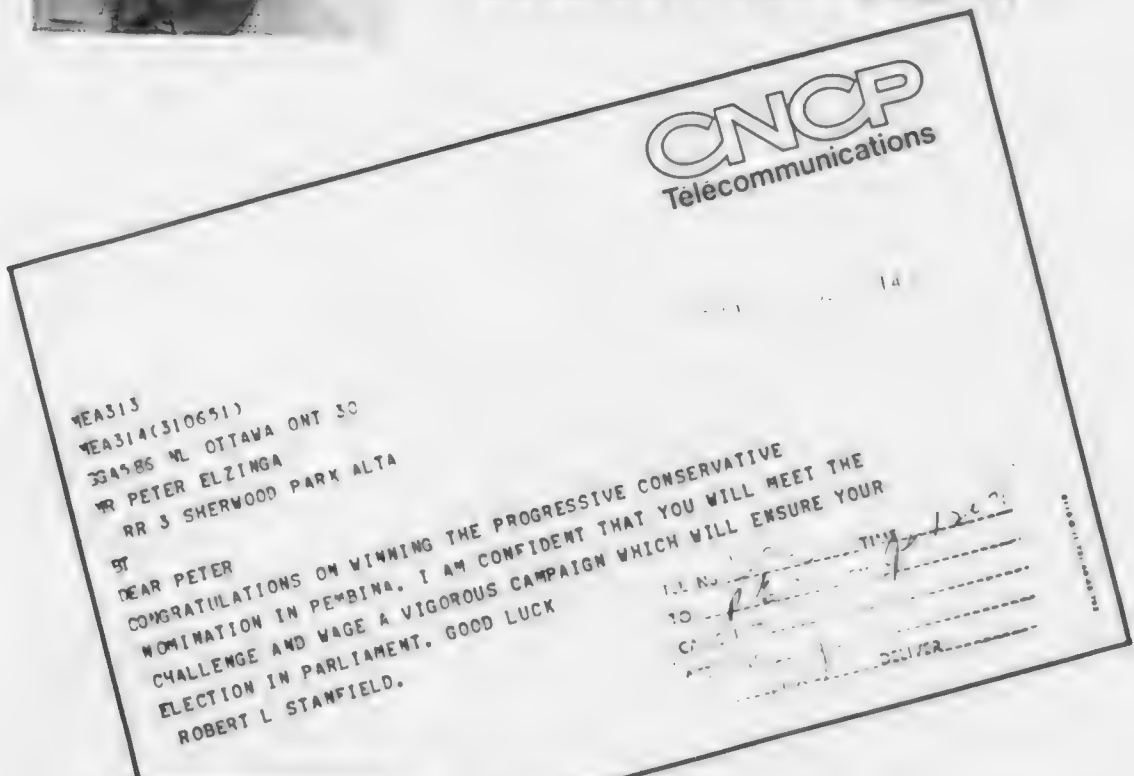

3. THAT if you wish to sub divide your quarter section, even though you may donate anywhere from 10 to 50 % of the property for park reserve you must pay the M. D. of Sturgeon \$100 for administration fee plus \$400 for additional municipal services per parcel.

4. THAT a resolution asking for a well advertised public meeting to discuss the above named major policy changes, which was made and passed at the annual ratepayers meeting has not materialized because in the words of the Reeve - it was not warranted.

Because of these important items and because of numerous representations of ratepayers of this M.D. it has been decided to hold a public meeting to discuss

- (1) \$100 administration fee
- (2) \$400 additional municipal services fee.
- Neil McKay - solicitor will be in attendance.
- (3) Public participation in major policy changes.
- (4) The establishment of the M. D. of Sturgeon Ratepayers Association

This important meeting will be held in the McInville Legion Hall 8:00 p.m., sharp, Wed. June 26th, 1974. Sponsored by - Committee opposed to Municipal Services Fee.

## The school-age child and money

By Pat Doerkson,  
District Home Economist

When children start school, they become a part of the world where certain kinds of spending are necessary. They become responsible for their lunch money and for other kinds of spending. They have a developing sense of time and can postpone their wants and desires. They can master the concept of different values for coins based on purchasing power.

An allowance is an effective way to help children learn about money, although not all families make a practice of giving an allowance. Some parents prefer to have the children ask for what they need. This practice allows the parents to remain in control and gives the parent a chance to use money as a method of reward for good behavior or punishment for misbehavior.

Other parents feel that it isn't possible to give an allowance because of insufficient income. However, families do spend a certain amount of money on a child for school expenses, clothing and entertainment. Given in the form of an allowance, the amount may not be any larger but the child will be having experience in man-

aging money for himself.

Still other parents prefer to have children work and do chores for the money they receive. Although payment for special jobs is justified, parents who give money only in return for work may fail to teach the idea that children have certain responsibilities to share in the normal work load of the home because they are members of the family and share the rights and privileges of family membership.

WHAT IS AN ALLOWANCE?

An allowance is an amount of money paid on a regular basis to a child to use for certain agreed items. It is the child's share of what the family has to spend.

HOW MUCH SHOULD THE ALLOWANCE BE?

Children's needs vary and the financial circumstances of families differ. The amount of allowance needs to be agreed upon in discussion between parents and children. It should be subject to negotiation as circumstances change. It will cover a few things at the beginning. Later as the child gains experience and skill, he can be responsible for more spending. The six-year-old should get a different amount than a 10-year-old.

GUIDELINES FOR ALLOW-

ANCES:

\*Have the child list his needs as he sees them.

\*Add the needs you think he has.

\*Keep a record of what is now being spent.

\*Check the going rate of allowances in your area. It isn't all important but it is a place to begin discussion. This can be a place where you can help your child see that not all families have the same income.

\*Agree on what the allowance will cover, but don't include items in which you can't allow freedom of choice.

\*Be sure that the amount is adequate to meet the cost of the items that the child is required to buy.

\*Include some money for personal use over and above the basic items you agreed upon.

\*Pay the allowance regularly.

\*Do not withhold the allowance for misbehavior.

SAVINGS:

Children in these years are able to understand time in terms of the future. They can begin to grasp the idea of saving for a very special goal.

Some parents insist that children save a part of each allowance with no immediate goal in mind. They hope such

a saving system will teach the values of thrift. But if that lesson is to stick, saving must be voluntary. It should be for a goal that the child can achieve within a short period of time. Children can understand saving money for a couple of weeks to buy a model kit they want, but they can't understand "saving for savings sake."

Children who are required

to stash away a given amount each week out of their allowance may get the feeling that the allowance doesn't really belong to them. Instead of teaching responsibility and the importance of saving, you may build resentment.

Parents can help the child in reaching his goal so that he doesn't become discouraged. If the item that the child wants is quite expen-

sive, but something you feel he needs, have him save a part and then provide a part of the money he needs. For example, a 12-year-old may want a bicycle, but would find that having to save that much money would take too long. Saving a part of this will help him see the cost that is involved, but make it an achievable goal.

## The counter that cooks

By Pat Doerkson,  
District Home Economist

The latest in today's kitchen equipment is the smooth top kitchen range. It works without the use of visible burners (no exposed coils and cavities) and can therefore double as a cool counter top when the current is switched off. No smooth-top gas range is as yet on the market.

Coming Glass Works originally came up with the idea, as well as a special ceramic cookware developed for cooking efficiency. Since then coming and other manufacturers have developed new models capable of temperature ratings high enough to overcome the loss of

direct heat through the ceramic surface. On these higher temperature models it is possible to use ordinary pots and pans provided they are reasonably flat on the bottom and they will stay flat when hot.

The surfaces of a smooth top range are made of a glass ceramic material called lithium silicate which contains the heat in the burner area. This heat concentrates in the circle above the burner, leaving the rest of the surface relatively cool.

A smooth-top is somewhat slower in heating than conventional ranges. Once cooking temperatures are reached, cooking time is about

equal, but there will be a bit more electricity consumed overall.

These ranges are said to provide better results with sauces and dishes requiring sensitive heat control. Cooking is precise -- spacing of the heating ribbon is close and as a result no hot or cool spots develop. Because each element has its own thermostat, the temperature setting selected is maintained.

Smooth-top drop-ins run about \$235-\$350 and a good free-standing smooth-top costs \$360-\$800. Suggested retail prices are not always firm, so shopping around may mean substantial savings.

Best of all with the smooth tops, when you are done cooking, the swipe of a cloth sponge or paper towel with cleanser cleans the counter. No need to remove the burners, unless they go on the blink.

Comparative ratings of the best varieties are available from our office. If you require more information please drop into our office.

## On food prices

The following was taken from the Wheat Pool Budget.

Re-issued from W. Klatt's office, District Agriculturist "Let me take you on a meat and potatoes tour on the basis of prices of mid-January of this year as collected by the United States Department of Agriculture. While paying 27 cents for a pound of apples in Ottawa, the Americans in Washington, D.C. were paying 35 cents and the Swedes were paying 37 cents. Nineteen cents for yellow onions in Ottawa, 41 cents in Stockholm and 42 cents per pound in Canberra. A pound of to-

matoes: 39 cents in Ottawa, 88 cents in Brussels, and 82 cents in Copenhagen. For a dozen eggs: 84 cents in Ottawa, \$1.34 in Brussels, 41.24 in Copenhagen and \$1.14 in Stockholm. For broilers: 74 cents a pound in Ottawa, \$1.10 in Stockholm and \$1.36 a pound in Rome. Butter in Ottawa 76 cents a pound, \$1.22 in Rome, \$1.20 in Paris and Brussels \$1.11 in Holland and \$1.25 in Bonn. A pound of cheese: \$1.11 in Ottawa, \$1.31 in Bonn, \$1.59 in Stockholm, \$1.35 in Washington, D.C.

What about pork chops? \$1.55 in Ottawa, \$2.09 in

Bonn, \$1.98 in Stockholm, \$1.80 in the Hague. And what about beef? Sirloin steak in Ottawa per pound \$1.81 but twice as much in Bonn, Germany, \$3.60; and in Stockholm, even more \$3.73 a pound; in Holland \$2.95 a pound and in Belgium \$2.76 a pound. Need I say more?

But there is another point to be made, in this same list of prices, Canadians and Danes are the ones that pay the highest price for oranges. In fact, Canadians pay twice as much for oranges as do Americans in Washington, D.C. Now you will have noted that oranges are not produced in Canada and importers charge what they like. Therein lies the very reason why I am telling consumers in Canada now to support producers of farm products, as many products as we possibly can, for as large a share of our home market as we possibly can, so that we will not be at the mercy of food importers. That's a point worth thinking about before we jump into an argument about food prices.

— Hon. Eugene F. Whelan"

## New varieties and other characteristics

By Wally Klatt,

District Agriculturist. The Lacombe Research Station, through complete testing, has revealed information that is beneficial to our district.

Farmers are probably more interested in the following:

**LODGING** - The following varieties are tested as having the best resistance to lodging.

**BARLEY** - Galt, Centennial, Bonanza, Conquest, OATS - Random, Fraser, Penske, Gemini, Harmon, NEW VARIETIES:

**BARLEY** - Hector - a two-rowed variety, similar to Betzes but a couple of days later in maturity. Considered a replacement for Betzes in the brown soil zone.

**OATS** - Gemini - for forage and seed production. Yields about the same as Random, has good lodging resistance, taller than Random, low hull percentage and the same in maturity as Random. Seed in very short supply.

**HINOAT** - High in protein for oats, about three days earlier than Random, yield

about 25% less than most oat varieties, not considered a variety for our area.

**RAPSEED** - TORCH - Has a slightly higher oil content and yields a little more under some conditions. About the same in maturity as Span.

## Sturgeon schools announce changes in administration

At its regular June meeting the Board of Sturgeon School Division made new administrative appointments for the fall school term. W. G. Tanasluk was promoted from principal of the Namao School to assistant director of Pupil Personnel Services. V. King and K. Schneider received promotions from vice-principal to principal and three teachers, G. Schick, B. Sykes and R. Lietz, were designated vice-principals.

The revised administrative line-up for the fall will be as follows: Superintendent of Schools, F. J. Robinson; Associate Superintendent - W. J. Heppler; Director of

Pupil Personnel Services, S. J. Sieben; Assistant Director of Pupil Personnel Services, W. G. Tanasluk.

Bon Accord School, Principal: O. J. Broemeling; Vice Principal, J. Kozey; Camilla School, Principal: V. King; Vice-Principal, B. Lietz; Gibbons School, Principal - D. McDonald; Vice-Principal, H. Rigney; Horse Hill School, Principal: K. Schneider; Vice-Principal: B. Sykes; Namao School, Principal: A. Letts; Vice-Principal: G. Schick, T. Fink; Sturgeon Heights School, Principal: A. J. Taylor; Vice Principal, A. Boddez; Hutterite Colony School, Teacher-Principal: W. Shupe.

## Annie Monninger dies

What a shock it must have been for Freddy Monninger formerly of Calahoo, now in the city, to be awakened at 5 a.m. by an odd noise and upon investigating find his wife Annie Mae D'Alleva on the floor motionless at only 44 years of age on June 5.

Ironically Annie wanted to give her husband a birthday gift for June 5th, and had arranged a night out on the town which they thoroughly enjoyed the evening of June 4th.

Annie was very ill last fall but seemed to recover so well she went to work for Yellow Cabs and for six months was supervisor over Yellow Cabs going to the International Airport.

Besides her loving husband, she leaves to mourn three sons, Ray (married) and John Hartt and Lloyd Monninger and one daughter Frances Hartt; two sisters, Margaret Stevenson and Angie Rossiter from Victoria B.C., and one brother James at Fort Sask.

The funeral was held June 8th at 10 a.m. when six of her fellow employees were pallbearers.

Calahoo and district wish to express their deepest sympathy to Freddy and his family and all touched by this sorrow.

The sympathy of the district is extended to the family of Mr. Alan Sweetnam in the loss of their husband and father.

Namao, Sturgeon Heights and Horse Hill schools competed in a track and field meet at Sturgeon Heights grounds on June 6th. On a points basis Sturgeon Heights won the Inter-school trophy and Horse Hill placed second. Congratulations to Cindy Maess on winning the Junior Girls trophy for ten year olds, and to Brenda Kruk who won the 11-year-old trophy.

In the softball league play-off tournaments held Saturday, Horse Hill girls did well, bringing home the league awards in the eight years and under division, and in the twelve and under division. Competing were teams from Ban Accord, Gibbons, Namao and Horse-hill.

Book awards were presented June 5th at Horse Hill School to the following students: Grade one, Sheldon Gogeria; Grades 1-2, Penny Black; Grades 2-3 Bradley Yurkiw; Grade 3, Debbie Mullen; Grade 4, Blair Clarke; Grades 4-5, Sheila Briggs; Grades 5-6, Janice Pullishy; Grade 6, Joani

## Bon Accord honours principal Pasemko

By Sadie Allen

Over 300 guests attended an Open House Appreciation Night at the Bon Accord School on June 19 in honour of Mr. John Pasemko who is retiring after 26 years in the Bon Accord School on staff and as principal. Master of ceremonies for the occasion was Roy Schneider, a former pupil.

Speakers were Mr. Frank Robinson, superintendent of schools for Sturgeon, Mrs. Olga Bilecki on behalf of the teachers, Mr. Keith Everitt on behalf of the parents, Mr. Reg Austin representing the B.A.-Gibbons school area, Mr. Jack Bland, representing the first grad class. A telegram from son Wayne at Swift Current was

read.

On behalf of the community, Patty Jo Milligan, current 1st grader, presented Mrs. Pasemko with a bouquet of flowers and Mrs. Sharon Taylor, 1st grader of '48 presented the Pasemkos with a set of patio furniture. On behalf of the Sturgeon School Board, Mr. John McDonald presented Mr. Pasemko with a set of luggage. Lunch and a social evening rounded out the occasion.

John was born at Redwater on January 11, 1915 and attended Ufford School for his first eight grades. He took his remaining four grades at St. Joe's High School in Edmonton and attended Normal School at Camrose in 1934-35. From 1935-42, he was senior teacher at Ufford School.

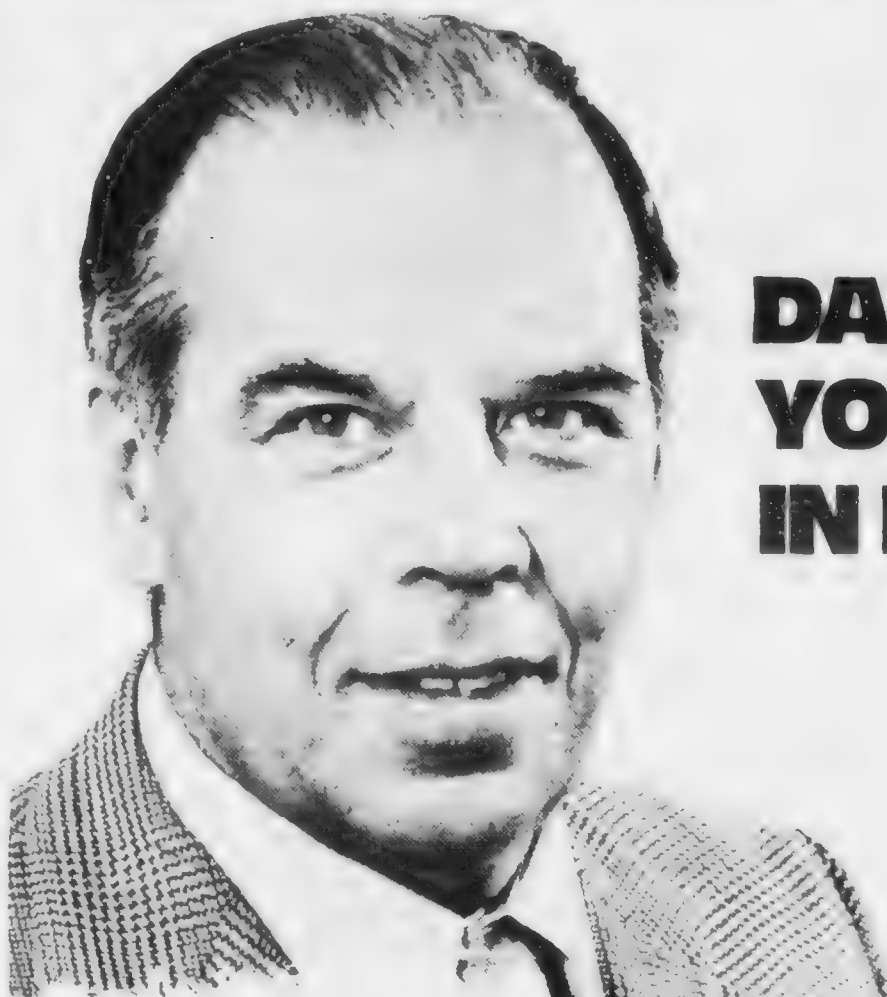

In 1942 he joined the Armed services and served with Signal Corps at National Defence Headquarters in Ottawa. Upon his discharge in September 1945 he attended McGill University for one year, returning

Mr. and Mrs. John Pasemko received many expressions of appreciation and a host of good wishes for the future at an open house held June 19th at Bon Accord School. John is retiring after 26 years as teacher and principal at the school.

to Edmonton in 1946 where he attended the U of A. Upon graduation in 1948 he taught at Lethbridge for two years, coming to Bon Accord in the fall of '48 where he has been ever since. John met his future wife, Yvonne at a sugaring-off party outside of Ottawa in 1944. They were

married in Ottawa in 1945, have two sons, Wayne in Swift Current and Dan in Nelson. The Pasemkos' plan on retiring in Bon Accord, with plans for travel in the future and pursuit of favorite hobbies, antique cars, being the main one enjoyed by John.

# MORINVILLE MEMOS

Flo McGinnis  
With the first day of summer only two days away we can finally rest assured that "yes there will be a summer this year". This past weekend was only a rehearsal for things to come: Surely the weatherman will agree that our Frontier Daze de-

serves some good sunshine this year.

**SAVE YOUR BOTTLES** - that's the message on the huge posters that are in evidence around town. In aid of the STUDENT EXCHANGE PROGRAM there will be a bottle pick-up in Morinville on Monday, June 24th. The young people from Vanier High will begin collecting bottles at 10:00 a.m. and state that they will accept any type of pop, liquor or wine bottles.

There are 20 students from Vanier High that will be travelling to Louisville, P.Q., leaving on July 12th and returning on July 23rd. When the group returns they will have a group of Louisville students with them who will stay in Morinville. The bottle drive on Monday, June 24th is to raise money for this trip, and you are en-

couraged to support this project by leaving your bottles on your front steps.

It has been announced by the Frontier Daze Assoc. executive that the planned Arts & Crafts display has had to be cancelled. Reasons for the necessary decision are numerous, but among them is the fact that when the Rec. Fest was held it seems to have depleted the number of articles that would normally have been used for Frontier Daze.

Clarice & Joffre Kremer left on Monday for a two week holiday. The trip is timed to coincide with the graduation of Dr. Allan Maloney (son-in-law) from the Palmer Chiropractic College in Davenport, Iowa. Dr. Maloney, with his wife Irene (nee Kremer) will be arriving back in Canada shortly to set up a practice in St. Albert. Also attending the graduation will be Dr. Maloney's mother, his sister Margaret Victor and his nephew Tom Maloney, all of Edmonton. Following the celebrations in Davenport, Clarice and Joffre will travel to Expo and other points.

Newcomers to Morinville include Alphonse and Leonie Kremer with their two daughters Jamie Sue and Lee Ann. They have purchased the former Aslam Buttresidence, and say they are ever so glad to be back in Morinville.

Those who attend Frontier Daze will note that all the boards have been removed from the arena in preparation for the work that will begin immediately following the 2-day celebrations. So for those of you who thought that 'artificial ice might only be a pipe dream' - you'd better get out and see for yourself that it is on the way to becoming a reality.

The Central Sturgeon Ag. Society have purchased a brand new car that they are now busy selling tickets on. The car will be the big prize at the Beer Fest and Farmer's Market that is scheduled for September 7th. All in aid of the artificial ice fund, the Ag. Society has been, and still is a very busy group. What with making that huge float that we saw in the St. Albert parade, and all the arrangements for the activity during Frontier Daze, some of the exec., say they rarely get a moment at home anymore.

Recent visitors to Morinville from the U.S. were Anna and Raymond Trouchon, and Lucy Hotel all of Sacramento, California. A family dinner party was held

at the home of Mr. and Mrs. J. Kremer on Tuesday, June 11th in honor of their American friends.

Oh, one last minute note regarding activities at Frontier Daze. There will be PUPPET SHOWS for the kiddies at 2:00 p.m., on Saturday, and at 2:30 p.m., on Sunday. So along with the there games etc., that are planned for the Tiny-Tots this is a very welcome addition to Frontier Daze 1974.

The Lions Club asks that you remember the deadline for nominations for Citizen of the Year. Bob Anderson and Garnet Wiley will be accepting the written submissions until Friday, June 21. "About - before supper anyway" is the way they put it.

The 10 speed bicycle that has been donated by George's Cycle for the draw at Frontier Daze is now on display across from the church. Once you see it you'll surely want extra tickets on it.

The Morinville Frontier Daze float was awarded two top prizes in the St. Albert Rodeo Parade. The float featured senior citizens up front in honour of the Town's annual summer festival theme, which pays tribute to their senior citizens, while a lively and talented group of dancers had plenty of action going on the back part of the long float, indicative of the good time to come at Frontier Daze this weekend. The float was chosen as Best Overall and Best Originality.

## Alcomdale 4H News

The 9th meeting of the Alcomdale 4-H Beef Club was held at the home of Dixon's with Mark Davidson leading in the pledge. The secretary and treasurer's reports were given, followed by roll call which was the names of the calves. Final plans for the Achievement Day were discussed. The date has been set for July 3rd, and the activities will be held on the Alcomdale Picnic grounds. Judging will begin at 10:00 a.m.

Following the meeting lunch was served. The next meeting will be held on Monday, June 24th.

May the 11th saw the club members gathered at the Davidson farm to make stall decorations.

## ST. ALBERT &amp; STURGEON GAZETTE, WEDNESDAY, JUNE 19, 1974 - 25

# News from Gibbons

by Shirley Stelwand

A Beer-Fest will be held at the Gibbons Community Hall on June 28th.

The annual Sports - Day will be held at Gibbons on July 1st. A parade will start the day off at 10 a.m. For information on float entries, call Marlene MacWhirter at 799-5894. Anyone can enter the parade. The day will include ball games, childrens races, penny toss, etc. There will also be food booths at the grounds.

Gibbons Squires (8 and un-

der girls) played against Bon Accord on Wednesday, June 12th at Gibbons. Score - Gibbons 10, Bon Accord 7.

Congratulations to Joy and Rasmus Rablen on the birth of their son Anton on May 26, 1974.

Pleased to announce the birth of their second child, a boy Ian Leonard are Mr. and Mrs. Alex Smith.

Ladies of Gibbons and vicinity are cordially invited to attend a lawn Coffee Party

at the home of Mrs. Jean Toane, Gibbons, on Wednesday, June 26, from 2 to 5 p.m.

Mr. and Mrs. Earl Toane are long time residents of Gibbons; Jean, recently retired, was Grade One teacher in the Gibbons School for seventeen years.

Although the main purpose of the afternoon is to introduce Mr. Tom Hennessey, the NDP candidate for Pembina, those present will enjoy an exhibition of paintings by local artists, Mrs. Edith Elchmer of Gibbons, and Mrs. Elsie McMillan of St. Albert.

Ladies are invited to think about and discuss Women's Issues with Tom Hennessey. So, whatever your political, do come and enjoy a different afternoon with all our friends.

Mrs. Joan Brown, resident in Gibbons autocourt, with her husband Don and small son Jason, will be co-hostess with Mrs. Toane.

## LADIES FASTBALL

Ladies Fastball June 11 Gibbons at Ft. Sask., with the Fort winning 13-3, Gibbons defeated Lamont 30-6 at Gibbons on June 13.

## GIBBONS NEWS

FREDERICK LAJEUNESSE PASSES

Sympathy of the community goes out to Mrs. Jeannette Petherbridge, on the

death of her brother, Frederick Lajeunesse.

A popular resident of Sooke for the past 38 years, Frederick Lajeunesse, 65, died suddenly June 7 in an accident while he was at work on a logging operation.

Mr. Lajeunesse was born in Edmonton. He leaves his loving wife, Stella, at home; sons, Robert, Jordan River, B.C. and Dan, Sooke, B.C.; daughter Mrs. Gail Hall, Burnaby B.C.; eight grand children and his sister, Mrs. Jeannette Petherbridge, Gibbons, Alta.

Mrs. Lajeunesse served overseas during the Second World war with the Forestry Corps and was a member of The Royal Canadian Legion, Sooke branch No 54.

Private family services were held in the Sands Funeral Chapel of Heather, Colwood, on Tuesday, June 11th.

Susie Elchmer and Charlene Reddick were winners in the Alberta Safety Council's Farm Safety Essay Contest for 1974, when the subject selected was Water Safety. Susie is a Grade Six pupil of Miss Harvey and wrote a most interesting account of the experience of her father and brothers who suffered a bad experience when a storm came up suddenly and they were forced to shore spending a cold and miserable twelve hours before they were able to walk home through thick bush.

Charlene, Grade eight student of Mr. Manning also wrote a graphic account of a family who lost their three year old boy in a farm digout, when he went with his sister for a cool swim, but was left unattended and later found face down in water. Rushed to hospital, it was too late to save Joey's death. Both girls pointed out how such accidents could have

been prevented, and both essays were well written and highly readable.

## LAST ROUND UP REPORT

On Thursday afternoon, June 13th, I was honored with an invitation to attend the "Last Round Up" meeting. They had, as their entertainers and lunch guests, the "Sunshine Singers of Strathcona Place". There are 40 members in this choir all Senior Citizens. However, there were only 34 attending, 28 women and six men. Mrs. Thelma Levy is leader of the group accompanied by Mrs. Ada Cary on the piano. The Sunshine Singers entertain every year at the Klondike Place Breakfast - Strathcona.

They arrived at 1:45 p.m. by bus and were greeted by Wilf Oliver and Earl Toane. They started their entertainment at 2 p.m. singing "Friendship". They went on to sing some lovely old songs, as "The Happy Wanderer", "It Is No Secret", "Carolina In The Morning", "It Happened In Monterey", and "Battle Hymn of the Republic". At this time the Last Round Up Club were asked to join in, and I might add, they sounded sensational.

"The Loveliest Night of the Year" came next, and during the last verse, the choir hummed off while Mr. Graham and Mrs. Coutts, (described as the baby of the group) waltzed. "White Cliffs of Dover".

"Memories" and "Grandfathers Clock" came next. Mr. Charles Norman then did a monologue of "Young Albert Ramsbottom" for which he received a rousing applause. "Let the Rest of the World Go By" and "How Great Thou Art" finished their entertainment. Mrs. Eula Mahbutt thanked the choir, and expressed her hope that they would return again soon.

One of the members of the choir Mrs. Edith Rasmussen, taught school at Gibbons in 1957-58 and was presented with a picture of her class. Mrs. Rasmussen thanked the Last Round-Up, and commented that Gibbons had changed a lot since she was here.

A lovely lunch followed, which I'm sorry to say I could not stay for. I would like to express my thanks to the Last Round-Up for asking me to attend. I enjoyed it tremendously.

I hope that in the future, if the Sunshine Singers come back to Gibbons, the general public will be invited to attend.

On June 27th the Last Round-Up will have a visit or from "Pensioners Concerned". Also, hopefully, there will be someone coming to show slides, etc., from Deluxe Tours. These are escorted tours for senior citizens, one is to Disneyland and one is to Expo '74.

# Report from Bon Accord

by Sadie Allen

Members of the Ladies Community Club met at the home of Rose Ruth for their June meeting. Catering plans for a wedding supper on June 22 were finalized. Financial matters were discussed, with a \$500.00 donation to be made to the Community Centre Ltd. Two members, Doreen Hewitt and Betty West, whose birthdays fell during the week were toasted and serenaded by the group. The hostess presented them with a decorated cake (complete with cand-

les) and gifts. Helen McKenzie, a new member, won the hostess prize. The club will recess for the summer. Activities will resume on September 11, when the meeting will be held at the home of Gail Sinclair.

A shower was held recently for a bride-to-be, Miss Carol Hodgins, whose marriage to Constable Robert Stewart will take place on June 29. Hostesses for the occasion were Gladys Rappelen, Sarah Mulligan and Jean Sloan. Floral decorations were the work of Alice

Strawson. Carol received many lovely and useful gifts. Presentation on behalf of friends and neighbours was made by Jean Sloan, congratulations and best wishes were extended to Miss June Hodgins who became the bride of Wayne Melanka on June 5.

Get well wishes are extended to Mrs. Kark Kaesekamp who suffered a triple fracture to her ankle last week, when she stepped off her porch and her foot crumpled under her. A call to the St. John Ambulance Emergency Service was responded to by members Janice McDonald and Carol Wyness. Mrs. Kaesekamp was taken to the Sturgeon General Hospital. Mr. and Mrs. Kaesekamp reside in the former J. Jenkins home, on an acreage.

The Bon Accord and District Board of Trade are sponsoring a political forum at the B. A. Community Centre on Wed. June 26 at 8:00 p.m. All candidates running for election in the constituency of Pembina have been invited to participate. You are cordially invited, even urged to attend.

The regular meeting of the Board of Trade was held on June 12 with a small turnout. Guest speaker, assistant D. A., Mr. Bob Barry gave a very interesting talk on shrubs and trees suitable to our area and answered a good many questions by the audience. A report from the Parks Committee chairman, Mr. Ken New was given. Help in planning the areas for parks in the village has been volunteered by experts in the field. Mr. John Chedzoy of the Edmonton Nursery and Mr. Grainger. There will be only one monthly meeting for July and August, to be held on the fourth Wednesday of each month.

Get well wishes are extended to Mrs. Florence Draper in the Misericordia hospital.

Girls' play-offs were held at Horsehills on Sat. June 15, with Keith Whitson's team copping off the championship by winning over Namao and Horsehills.

Jr. Boys' League play-offs get underway on Saturday, June 22 with the Mini-mites meeting Namao at 1:00 p.m. final at 5:00; mites play Namao at 3:00 the final to go at 7; Pee-Wees play Horsehills at 9:00 a.m. and Bantams meet Gibbons at 3:00 p.m. The Bantam final will go at 7:00 p.m. Admission is \$1.00.

Midget baseball boys lost a close 6-5 decision to Thorhild in a Midget tournament played at Thorhild on June 16. They won their first game over Morinville.

The Bon Accord Guides attended the Camping Skills Training Day held on June 15 at Bill Gibbons farm at Gibbons under the supervision of Evelyn Fraser - camp adviser from Gibbons. There were a total of 72 Guides and adults attending from Bon Accord, Gibbons, Legal Smoky Lake and Morinville. They practiced pitching and striking tents and made a variety of gadgets out of

wood. Supper consisted of: two-course tin foil dinner cooked over an open fire.

Special guests were: commissioner Wref O'Hara and her deputy Miss Pauline Vaugeois, Division Commissioner Mrs. Helen Lesyshe who was delightfully surprised when she was presented with her ten year Long Service Bar.

A big thank-you to Mr. and Mrs. Bill Gibbons for the use of their picnic site on the farm. Thank-you also to the Gibbons L.A. for obtaining and delivering the pop.

This camp day can be chalked up as a success and hopes to become an annual event.

Mr. and Mrs. Tom Brown and boys will be leaving the community when school ends as Tom has been transferred to Calgary. Both have been active in the community and we'll miss them. Tom and Mary Jane and the boys wish to thank all those friends and neighbors who made their stay in the community so pleasurable and for the wonderful memories they will take with them.

Bon Accord Midget baseball boys proudly display new uniforms donated by Mr. Don Grant, proprietor Bon Accord Hotel and Ducky's Tavern. Front row - Norm McBride, Bob Ingles, Kelly Mabbutt, Dennis Kinjerski. Second row - Mrs. Pauline Mansfield, representing the Bon Accord Community Centre, Fred Trotter, Roy Roemer, Randy Rogers, Don Grant, Randy McBride, Brian Roemer, coach Chet McBride. Back row - Chuck Critchley, Hal Schneider, Randy Neilson, Dale Malanchen and Jim Allen.
